Kings Road Bulletin

Term	Autumn 2	Date	2nd – 8th Nov

Information

- New arrivals and ideas! Today we welcome Mrs Kaemena back! Miss Barlow, (because she's amazing) offered to continue as full time SENDCO of a busy inclusive school, take on the leadership of KS1 and teach one day a week! It was too much, so I tentatively asked Miss Kaemena to take the class on Mondays, and like the man from Del Monte (1990s reference), she said yes! Also, Miss Lomax starts in reception today (please make her feel welcome). A few years back we started an Internal Resource provision for a variety of reasons, including, to support the children who use the IRP with lower staff:pupil ratio and a more bespoke approach. We are trying to recreate this magic by developing a second Internal resource Provision for pupils in Nursery, reception and Y1. Mrs Johnson leads the Junior IRP and Miss Kaur will lead the Infant IRP
- Every two years each Trafford school has to complete a safeguarding audit which the LA then analyse. Random schools are selected for a Quality Assurance visit. This time we were selected (which I welcomed as we are due Ofsted later this year). The visit was a great success, below are some extracts from the report.
- The visit provided good assurance that safeguarding arrangements are effective and that there is a strong culture of safeguarding across the school. Leaders, staff and governors demonstrated a clear commitment to protecting children, promoting their welfare and ensuring that vulnerable pupils receive timely and appropriate support.
- Strong safeguarding culture underpinned by a child-centred ethos, with safeguarding recognised as a shared responsibility across the whole school community.
- Exemplary commitment to pupil voice, emotional wellbeing and children's rights, providing meaningful opportunities for children to influence decision-making and school practice.

- If your child would like to enter our MP, Andrew Western's Christmas competition please scan your entry by 13th November and email to Andrew.western@paliament.uk Please use strong and bright colours. The card can be free hand or digitally produced. When emailing please include the child's name, age, school and class. Excitingly, he has chosen to launch this year's competition for our school due to previous successful entries. He visited Kings Road to launch his competition on the final day of last half term.
- If any parents would like a tour of our wonderful school, please ask myself of Miss Hodges at the gate. If we have the time, we'd love to show anyone around the school whilst it is in full motion.
- The government announced a law that came into effect on 1st September regarding children not being permitted to use mobile phones on school premises. Whilst we already fully comply in school, the law extends to the school grounds. We will insist on pupils not using their phones on the school grounds. We will also extend this rule to the school building for all adults. From 2nd November no adult, including parents and visitors, may have their phone on show whilst in the school. Frequently, parents (and grandparents) take calls whilst in school – this is no longer permitted. The current exception is that we will allow parents to

take pictures of their own children for events such as sports days, performances and class assemblies. Miss Hodges and I debated a whole school ban for all parents across the whole school grounds. Watching how many parents are using their phones has led us to not go this far due to the difficulty in policing this idea. However, we strongly urge you to spend this time with your children, surely that conversation, website or text can wait until you have said goodbye or after you have greeted your beloved children?

Curriculum

At Kings Road Primary School, we are proud to offer our bespoke curriculum—IGNITE—crafted with the unique character, needs and aspirations of our children in mind. IGNITE is more than a curriculum; it's a celebration of learning designed to spark curiosity, deepen understanding, and empower every child on their journey through education here at Kings Road.

Each subject is supported by our 'Knowledge of Kings'—a powerful A4 learning tool used both in the classroom and at home. These maps outline key concepts, book hooks, and essential vocabulary. They are a fantastic way to engage in meaningful conversations with your child and reinforce what we call "The Royal Charter"—the sticky knowledge we want every child to retain and build upon.

Prior learning is the foundation of success. By revisiting and strengthening what children already know, we ensure that every new step is purposeful, connected, and memorable.

Thank you for your continued support in helping your child thrive. Together, we can make learning truly ignite.
