

Year 2 Maths Homework:

Due in Wednesday 3rd December 2025

Part 1 – **Must:** For task one, please complete the addition activity using money. On Monday and Wednesday, we started looking at how we use addition when adding up items from a shop. (Please see the example on the right to help you.)

The items and their prices are displayed in the box here.

Please add up each sum by finding the price of each item and writing the total at the end of each sum.

A		+		=			
B		+		=			
C		+		+		=	
D		+		+		=	
E		+		+		=	

Part 2 – **Should:** For the should this week, please complete the doubling and halving activity on this page. For the doubles task, please look at the number on the left and write the answer to the double on the right. For the halving activity, please draw the dots on the ladybirds. Please look at the example to help you.

Doubles to 24

Double the numbers below using the robot, write the number that will come out.
