# Home - School/ Attendance Tracker

Name

Attendance at school is vitally important. Your child can only make the most of their education if they are in school every day! We know that from time to time there may be reasons that your child is unable to attend school, so this tracker is to help you keep track of your child's attendance and help you to understand what an impact missing school could have on your child's learning. We hope you find this useful! More information about attendance is available on the school website.
