End of Year Expectations for Year 2 for New National Curriculum – EXPECTED (At National Standard)

	Year 2 Maths			
	Year 2 Number and Place Value			
Number and Place Value	Addition and Subtraction	Multiplication and Division		
Sufficient evidence shows the ability to:	Sufficient evidence shows the ability to:	Sufficient evidence shows the ability to:	Sufficient	
Count in steps of 2, 3, and 5 from 0, and in tens from any number, forward and backward.	 Solve problems with addition and subtraction: using concrete objects and pictorial representations, including those involving numbers, quantities and 	Recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers.	Recogn 1/4, 2/ quanti	
Recognise the place value of each digit in a two-digit number (tens, ones).	 measures applying their increasing knowledge of mental and written methods. Recall and use addition and subtraction facts to 20 	Calculate mathematical statements for multiplication and division within the multiplication tables and	Write s recogn	
Identify, represent and estimate numbers using different representations, including the number line.	 fluently, and derive and use related facts up to 100. Add and subtract numbers using concrete objects, pictorial representations, and mentally, including: a 	write them using the multiplication (×), division (÷) and equals (=) signs.		
 Compare and order numbers from 0 up to 100; use <, > and = signs. 	two-digit number and ones, a two-digit number and tens, two two-digit numbers.Add three one-digit numbers.	Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot.		
Read and write numbers to at least 100 in numerals and in words.	Show that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannot.	Solve problems involving multiplication and division, using materials, arrays, repeated addition, mental		
Use place value and number facts to solve problems.	Recognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problems.	methods, and multiplication and division facts, including problems in contexts.		

	Year 2 Geometry and Measures			
Measures	Geometry – Properties of Shapes	Geometry – Position and Movement		
 Sufficient evidence shows the ability to: Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass (kg/g); temperature (°C); capacity (litres/ml) to the nearest appropriate unit, using rulers, scales, thermometers and measuring vessels. Compare and order lengths, mass, volume/capacity and record the results using >, < and =. Recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value Find different combinations of coins that equal the same amounts of money. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change. Compare and sequence intervals of time. Tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these times. Know the number of minutes in an hour and the number of hours in a day. 	 Sufficient evidence shows the ability to: Identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line. Identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces. Identify 2-D shapes on the surface of 3-D shapes, [for example, a circle on a cylinder and a triangle on a pyramid]. Compare and sort common 2-D and 3-D shapes and everyday objects. 	 Sufficient evidence shows the ability to: Order and arrange combinations of mathematical objects in patterns and sequences. Use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise). 	 Sufficient evi Interpr charts, Ask an numbe catego Ask an compa 	

Fractions

ent evidence shows the ability to: cognise, find, name and write fractions 1/2, 1/3, , 2/4, 3/4 of a length, shape, set of objects or antity.

ite simple fractions for example, 1/2 of 6 = 3 and ognise the equivalence of 2/4 and $\frac{1}{2}$.

Statistics

evidence shows the ability to: rpret and construct simple pictograms, tally rts, block diagrams and simple tables.

and answer simple questions by counting the nber of objects in each category and sorting the egories by quantity.

and answer questions about totalling and aparing categorical data.

	Year 2	Reading	
Word Reading		Compre	hensior
ufficient evidence shows the ability to		Sufficient evidence shows the ability to	
the YR 2 spelling appendix e.g. because, beauti	as: -ment, -less, -ness, -ful and –ly. ds which have been taught, including most words from iful, everybody, should, whole, parents, money.	 Fully engage with reading and take pleasure from Listen to, discuss and express views about a with which they can read independently. Listen to, discuss and express views about a with can read independently. Takes account of what Show understanding of texts read independent Know and retell a wide range of stories, fairy st Discuss the sequence of events in books, and h Make inferences on the basis of what is said and far. Discuss and express views about a range of nor Discuss and clarify the meaning of new words; Recognise simple recurring literary language in Recite a repertoire of poems learnt by heart, us 	ide range o ide range o it others sa tly; self-con tories and now items o nd done; pr n-fiction te discuss fav n stories an

Spelling Sufficient evidence shows the ability to	Handwriting Evidence:	Composition: structure and purpose Sufficient evidence shows the ability to	Vocabular Sufficient
 Write from memory, simple dictated sentences which include familiar words and GPCs. Spell common decodable two and three syllable words which include familiar graphemes. Accurately spell words with suffixes-ment, -ness, - ful, -less, -ly, including those requiring a change to the root word. Spell most common exception words from Y2 spelling appendix e.g. because, every, children, father, would, old. Spell most common homophones in YR 2 spelling appendix e.g. to, too, two; hear, here; see, sea; blue, blew. Spell many common contractions accurately e.g. it's, 	 Holds pencil correctly. Writing is legible. All letters and digits are consistently formed and of the correct size, orientation and relationship to one another. Spacing is appropriate to the size of letters. Some letters are joined correctly, according to the school's handwriting approach. 	 Compose sentences orally. Use the drafting process to gather and write down ideas and key words. Write appropriate narratives about personal experiences or those of others, whether real or imagined, maintaining narrative form. Write about real events, maintaining form and purpose. Compose orally and write poetry in a variety of forms. Re-read and check own writing. Proof read for errors. Evaluate word choice, grammar and punctuation; make revisions. 	Ling and a constraint of the second s

n

ulary, grammar, punctuation

ent evidence shows the ability to... Write a range of sentence types which are grammatically accurate e.g. commands, questions and statements.

Co-ordinate sentences using and, or, but. Sometimes use subordination e.g. when, if, because.

Use sentence demarcation with increasing accuracy, including capital letters, full stops, question marks and exclamation marks; commas to separate items in lists.

Use some varied vocabulary to create detail and interest, including adjectives to make noun phrases; adverbs and verbs.

Identify word classes: noun, adjective, verb and adverb.

Choose the past or present tense appropriately. Experiment with the progressive form e.g. she was swimming.

Use appropriate features of Standard English.
