| Term | Spring 2 | Date | 17 th – 23 rd March 25 |
|------|----------|------|--|

Information

- We have an INSET day planned for 31st March. We are hoping that this coincides with Eid celebrations, however, regardless, school will be closed to children on this date. It's only the Monday that school will be closed to children.
- We are very proud to have passed the UNICEF Silver accreditation for Children's Rights. Mrs Bettles was highlighted by the assessors for being wonderful.
- We know many of you are looking forward to celebrating Eid. May we take this opportunity to remind all families that one day only will be authorised as a religious observance day for the actual day of the celebration/festival, which may be on 31st March. If Eid for a family falls on a different day to the 31st March you must inform the school office as soon as possible, otherwise the absence will be unauthorised.

Science Week

This week, King's Road has joined in with National Science week and we have been celebrating all things science making cross curricular links such as in our guided reading sessions. As well as our usual weekly lesson, each class has immersed itself in extra science based around this year's theme of 'Change and Adapt'. We have been exploring a variety of topics throughout the school including finding out how animals camouflage for protection, how our planet is adapting to climate change, why animals migrate and how our body protects itself from viruses.

Don't forget about our poster competition based on this year's theme of 'Change and Adapt'! There will be a fab science prize for the winner of each year group. Entries are due in by 24th March.

Celebrations
