The Ethos at Oaklands School is *"The best for all, the best from all"*

Our Mission Statement is,

We believe in making a lasting difference, by giving students the tools to meet the challenges of the future.

The Oaklands values that underpin our ethos and mission statement are:

- *Developing emotionally healthy minds*
- *Providing pathways to success*
- *Supporting pupils to become confident and resilient young adults*

Whole School Approach:

High quality first teaching and additional interventions are defined through our person-centred planning approach across the school contributing to our provision management arrangements. These processes help us to regularly review and record what we offer EVERY child or young person in our care and what we offer additionally. These discussions also serve to embed our high expectations among staff about quality first teaching and the application of a differentiated and personalised approach to teaching and learning. We make it a point to discuss aspirations with ALL our learners.

Underpinning ALL our provision in school is the cycle of:

All students at Oaklands School have an Education Health and Care (EHCP Plan). The school caters for students who have Complex Moderate Learning Difficulties. The school works predominantly with Cheshire West and Chester (CWAC) Local Authority but also has pupils from Cheshire East (CE), [Wrexham \(W\)](#) and [Flintshire \(F\)](#).

Assess: On admission to the school a learner's needs are initially identified from examining the child's EHC plan. This, alongside benchmark assessment processes ensures a curriculum tailored to ensure progress is provided. All teachers and support staff work together with appropriate external agencies to continuously assess the learner's educational needs.

Plan: A child's learning programme is developed alongside their EHC plan and is implemented and monitored by their subject tutors and LSA.

Do: A child's needs and areas for development as identified in their EHC plan are reinforced consistently. This information on the child's progress is communicated on a regular basis to Parents/Carers.

Review: Due to the nature and specificity of the school a child's educational is reviewed and monitored throughout each term. This information then forms the basis of the annual review document which is shared appropriately with parents.

SEN Needs:

Children and young peoples' SEN are generally thought of in the following four broad areas of need and support:

1. Communication and interaction
2. Cognition and learning
3. Social, emotional and mental health

4. Sensory and/or physical needs

The school primarily caters for learners who have cognition and learning needs. We have internal processes for monitoring quality of provision and assessment of need. These include governor learning walks and monitoring meetings, subject/curriculum leader meetings, assessment meetings and analysis of progress data.

Consulting with children, young people and their parents

Involving parents and learners in the dialogue is central to our approach and we do this through:

Action/Event	Who's involved	Frequency
Parents / Carers' Evenings	Parents/carers meet with their child's form tutor, TAs and subject teachers.	Annually
Annual review meeting	Parents/carers meeting with their child's form tutor and SENCO (if at a transition point)	Annually
Designated phone contact / text message	Form tutor, TA or subject staff contacting parents/carers	When required
Parents / Carers' Coffee Morning	Parents / Carers meet with the Headteacher, senior teachers and governors	Termly

All pupils from year 7 to year 11 access careers guidance support. This is supported by an impartial commissioned service (presently Mploy Solutions).

Oaklands School

"The best for all, the best from all"

Training and Careers Guidance. In addition, we are keen to support the emotional needs of our pupils and have two ELSA (emotional literacy support assistants) who work closely with staff to develop staff knowledge and understanding in this area.

School Development Plan Priorities 2025

Focus Area 1 - The Quality of Education (Intent, Implementation, Impact)

- To ensure that the quality of teaching and learning is outstanding
- To ensure that there is a sustained focus on functional literacy across the curriculum
- Strategic Subject Leader Development
- To successfully use technology to support students make progress.

Focus Area 2 - Pupils' Personal Development

- To effectively meet the needs of new and future cohorts (i.e. the ever-changing face of consultations)
- To effectively implement the Reading Action plan

Staff deployment

Considerable thought, planning and preparation goes into utilising our support staff to ensure children achieve the best outcomes, gain independence and are prepared for adulthood from the earliest possible age.

An indication of external partners who we work with can be found in our contribution to the Local Offer.

Complaints

Our complaints procedure is in accordance with the national procedure. This can be found on our school website.

Pupil Progress

A detailed summary of pupil progress can be found on the school website in the documents in the tab titled 'Exam and Assessment Results'.

Further development

Our strategic plans for developing and enhancing SEN provision in our school next year includes a continuation of; planned lesson observations, learning walks, evaluation of data, pupils and parent feedback and collaboration and how this impacts on development.
