

Our Catholic School

Our mission in serving the local Catholic parishes of **Most Sacred Heart, Ruislip; St Thomas More, Eastcote and St Paul's, Harefield**, is to offer Catholic education, spiritual and moral teaching to the children in our care.

Religious education lies at the core of everything that we do. We devote 10% of curriculum time to the teaching of RE and follow the 'Margaret Carswell' scheme of work from Year 1 to Year 6. We also explore and express our faith through other subjects including Art, Drama, Music, ICT and English.

Collective acts of worship for the whole school take place every week and in individual classes led by our children. Our parish priests are regular visitors to school and there are many occasions throughout the year when we celebrate Mass together as a whole school or individual year groups. In addition to this, prayer is important at all times both collectively and individually. We are very fortunate to have our own school chapel where classes can come to pray, reflect and worship also.
