Danny completed his studies with us here at South Devon UTC in July 2019. He always had a very close connection with the Royal Navy and ensured he had regular interactions with them throughout his four years at the college. Danny took part in various schemes affiliated to the Navy through the college which contributed towards an extremely well-rounded CV and ultimately a very successful career path within the Navy.

When asked which BTEC Unit you use most of all in your current role:

Electronics/Systems: As an avionics engineer, I am responsible for fixing and maintaining electrical systems on the helicopters. These units provided me with the base Knowledge that allows me to carry out work.
