

Monday, 27th April 2026

Dear Parents/Carers,

I would like to share with you some information about our class this term.

Class Teachers

The class teacher for Class 1-2 is **Ms Rosie McKay**.

Routines and expectations

The school day starts at 8:40am.

School gates open at **8:30am** and will be shut at **8:50am**. Classroom doors will be open at **8:40am**. If the school gate is locked, you will need to take your child to the office, and they will be taken to class from there.

Home Learning

All home learning will be set on a Friday afternoon and should be completed by the following Thursday morning.

In class 1-2 our weekly home learning tasks are as follows:

Daily reading – daily reading supports your child's fluency and comprehension of text. Pupils should read their RWI books for a minimum of 10 minutes at home each day. These books contain sounds and words the pupils know and can read independently so please sit with them, listen, and give them time to think, decode and read with a sensitive prompt if they get a little stuck. The third book is a reading book to enjoy together. This book has been chosen by your child and will contain words they may not be familiar with so you will need to read, talk about, and enjoy it together. Please record each time you read with your child in their Reading Record.

RWI phonic sounds practice – each week your child either learns or reviews three new sounds in their Read Write Inc lesson. It is important these are practiced at home to support recall and fluency when decoding words containing these new sounds. We will set several video links via Class Charts. These videos will review sounds learned and may include a full review of a sound; a review lesson of several sounds; speedy review of sounds only; or fluency practice reading higher frequency words. At times your child may receive a personalised learning this would be in response to an identified need for extra practice either in sound knowledge or in reading fluency. **If you have personalised learning it is vital you practice daily to ensure your child has the best chance of developing the level of fluency they need to develop their comprehension skills as they move through Key Stage One.**

Weekly spellings – your child will learn and practice their weekly spellings in school. In addition to this, those in Read Write Inc will have spelling videos to engage with which practice the sounds learned. These are video clips on class charts. Those in Miss Gilbert's reading group are required to complete 5 games on **Spelling Shed** at home to support their learning. To access the Spelling Shed app please scan the QR code which is stuck on the inside cover of their reading record.

YEAR 2 ONLY - Sparx Times Tables Practice

Sparx is an online platform that supports your child's recall of key multiplication facts. Year 2 pupils need to complete the Sparx home learning each week to help them build fluency in learning their times tables in a fun way. If you are struggling to log your child onto Sparx, please get in contact with Mrs Tierney at jen.tierney@dartmouthacademy.org.uk.

Primary Principal: Mrs J Tierney
Milton Lane, Dartmouth, Devon, TQ69HW
T: 01803839700
E: admin@dartmouthacademy.org.uk

YEAR 2 ONLY – PE & SWIMMING

PE lessons will be on a **Wednesday and Thursday**. On both days, children need to come to school in PE kit. Please ensure all earrings are removed or covered with tape before school. **Swimming** will be on a **Thursday afternoon**, children will need a swimming costume, towel and goggles are advised, though not essential. Please see the separate letter for groups.

YEAR 1 ONLY – PE & FOREST SCHOOL

PE lessons will be on a **Wednesday afternoon**. Children need to come to school in **PE kit on Wednesday and Thursday**. Please ensure all earrings are removed or covered with tape before school. **Forest School** will be on a **Thursday afternoon** with Miss Shakespeare-Bright (Miss B). **Children need to come to school in their PE kit with their Forest School clothes in a bag**. There will be days when it is muddy and wet and it is most likely children will still enjoy time outdoors in Forest School so do ensure their clothing is always weather appropriate.

Reading books

All children must have their current **RWI books and reading record in school every day**. Those in Mrs Gilbert's reading group must bring their reading book and reading record every day. We read independently every day.

Contacting School

You should report any absences to the school office. Teachers will be at the classroom doors in the morning for any quick updates or information passing. If you require a longer meeting or a phone call, then the best form of contact is through email at rosie.mckay@dartmouthacademy.org.uk. We will try to answer emails as soon as possible and we can be available to meet at a convenient time if you require. Should you wish to contact the Primary Principal, please phone the school office or email at: jen.tierney@dartmouthacademy.org.uk.

Dinner Money

All children in KS1 are entitled to a free school meal. However, they can choose to bring in a packed lunch if they wish. Similarly, all children are provided with a piece of fruit as a morning snack, but can bring their own if they choose. We promote healthy eating at Dartmouth Academy so please make sure that break time snacks are suitable (fruit and vegetables only) and please ensure your child brings a named water bottle into school every day with either water or squash. **Dartmouth Academy is a nut-free school**. Please respect this by not sending nut-based products for snack or lunchtimes.

Thank you again for continuing to support your child's learning at home. Please do get in contact with any questions you may have.

Kind regards,

Ms McKay

Curriculum at Dartmouth

As part of the Education South West trust, Dartmouth Academy aims to provide the highest quality educational experience for all groups of learners from age 3 through to 16. This begins with secure foundations in English, maths and personal development.

Our curriculum is designed to be engaging, purposeful and relevant to the interests and adapted to the interests and needs of the Dartmouth community. Through a coherently planned and sequenced curriculum, children build on what they know and can do with increasing fluency and independence.

Subject	Spring Term 1		Spring Term 2
