

Abbey Park Federation PE Newsletter

What a term we have been having! We have our clubs in full swing and have taken part in more out of school sporting events. We have attended a panathlon and also attended the second round of the district cross country competitions. Next term is also set to be great with the continuation of our new club offer, a football tournament, interhouse competitions in lessons and much more. We have also invested in lots of new equipment for lunchtime provision so that the children are active and enjoying themselves.

Clubs:

This term was our first term at offering a wider range of activities for children to take part in after school. At the bargain price of £2 per club we hoped that it would be a real success. From boogie bounce, to kick boxing and from cooking to the incredibly popular rainbow-room-relax, we really do offer something for everyone. The timetable for clubs is on the website if you want to take another look. It is never too late to book on.

Panathlon:

Some of our lucky children went along to the DeMontford School in Evesham to take part in an inclusive sports festival. They took part in a range of different activities which were accessible to all children and they really gave it their all. This was all about trying something new and stepping out of your comfort zone and our group did incredibly well. We look forward to this event every year and we look forward to going again next year.

Sporting events

Cross Country:

We were lucky enough to have four children qualify for the second round of the district cross country competition and couldn't be more proud of what they achieved. They tried their hardest and that is all we ever want. We didn't make it through to the final but did incredibly well to get this far.

Class fun:

Year 3 have been having a great time in gymnastics exploring different ways of climbing and using their bodies .

Lunch times:

We now offer 'huff and puff' which is where the children get to select from a wide range of different sporting equipment to play with at lunchtimes. The children sign this equipment out giving them ownership of taking care of it and this has been a HUGE success. We have mini scooters, giant jenga, giant connect 4, limbo, hula hoops, an unlimited supply of balls and much much more.

Sporting superstars:

Please do send your child in with and recent certificates they have from sporting achievements from this academic year. We love to celebrate them in our celebration assemblies to give them the recognition they deserve.

Coming up:

Over the next few months and moving into the summer we have LOTS happening in school. In March Year 5 & 6 are taking part in a football tournament at Bowbrook school. In the Summer term we will be having another 'Thrills' day, a professional BMX biker is coming in to WOW us, our annual Commonwealth Day with colour run and many more sporting events.
