

Alevel Biology topics

A level Biology content is split into eight teaching topics: Topics 1 to 8, combined with the Practical Endorsement, constitute the full A Level. The topics can be summarised as:

Topic 1: Biological molecules
Topic 2: Cells
Topic 3: Organisms exchange substances with their environments
Topic 4: Genetic information, variation and relationships between organisms
Topic 5: Energy transfers in between organisms
Topic 6: Organisms respond to changes in their internal and external environments
Topic 7: Genetics, populations, evolution and ecosystems
Topic 8: The control of gene expression
