

11	Leadership	Opportunities to lead are abundant at Wynstream. Pupils are able to develop their leadership skills by participating in our highly effective Student Council or by assuming one of the many cross phase academic or social mentoring roles.
10	The Arts	Children grow their confidence through participation in our ground-breaking community music hub where children can access free tuition, our renowned choir, and our well-developed visual arts curriculum. As well as providing children with new skills, these experiences often include public performance.
9	Sports	Our sporting offer is legendary and a tremendous driver of personal growth for our pupils. Children have regular opportunities to develop skills and shine as they experience our well developed and expertly taught curriculum. They regularly achieve great success locally, regionally, and nationally, representing Wynstream in a wide variety of team sports.
8	Local Community	We expect children to leave Wynstream with an understanding of their obligation to contribute to their communities. We develop the requisite skills and empathy through engagement in local community improvement programmes, outreach to support the vulnerable as well as school council driven, charitable endeavours.
7	Environmental Activities and Awareness	Wynstream pupils understand the dangers to our planet posed by various human activities and are keenly aware of our collective obligation to be drivers of change.
6	Cultural Visits	Children routinely visit local and regional sites of historical, cultural, and religious significance. All year groups take full advantage of the wealth of 'history' and 'geography' in our locality and beyond. This helps to enliven our formal curriculum'.
5	Getting Ready for Work	Our curriculum emphasises procedural knowledge. This means that children are not just learning science, history or geography but are aware that they are also acquiring the skills necessary to become scientists, historians, or geographers. High expectations and the soft skills of perseverance and discipline are embedded in our formal curriculum and regularly reinforced.
4	Outdoor Education	Alongside dedicated outdoor school activities, our magnificent school grounds provide pupils with regular opportunities to explore our very own biodiverse microhabitats. Children are taught to value and care for the nature on their doorstep and beyond.
3	Diversity	The Wynstream community is a diverse one and children are taught to celebrate the unique attributes that different cultures bring to our school and our community. We also celebrate Neurodiversity. At Wynstream, all pupils have an equal opportunity to progress and succeed.
2	Learning New Skills	A vast array of after school and before school clubs and activities - delivered by our expert practitioners and outside agencies – help children to develop skills and learn new ones.
1	Mental Health	We give pupils the skills to look after themselves and their friends and families to support the development of resilience and help them to be mentally fit and strong. Caring for the mental health of our pupils is a core aspect of our ethos.

Eleven by Eleven

at Wynstream Primary School

We expect our students to leave us with the academic qualifications, skills and personal attributes that open doors to a successful future. Our commitment to make this happen only begins with our formal curriculum.

The opportunity to develop resilience and determination by engaging with new experiences and by responding positively to challenge are essential for children to develop their full potential. Wynstream students participate in a wide variety of cultural, social, and sporting endeavours to ensure that they are well prepared for success in the next phase of their education and for the rest of their lives. Look inside to see what 'Eleven by Eleven' looks like at Wynstream.
