Autumn Term 2 – Year 5 Topic Web

Maths

Number: Multiplication and Division

Number: Fractions

Science

Forces

Children are able to identify gravity and resistant forces. They learn how to use a newton meter to measure forces and learn about air and water resistance.

RE

Prophecy and Promise

Children learn about the prophets in the Old Testament and explore how God made special promises to His people about the coming of Jesus.

PSHE

PATHS: Problem Solving/Goals and Identity/Making and Keeping Friends

No Outsiders: Rose Blanche

English – Reading

Fiction: Our class reader is Armistice Runner by Tom Palmer

Non-Fiction: Forces and biomes of the world

English – Writing & SPaG

Poetry: Remembrance – Soundscape poems based on the theme of WWI

Fiction: The Snowman – Writing the narrative to go with the silent film to evoke emotion

Home-school and community links

Parents and carers will be warmly invited to join us in class for a special Celebration of the Word, sharing a time of prayer, reflection and worship with their children.

WOW Experience!

The children will perform at the community Christmas Carol concert at St Austin's Church.

Geography

Biomes: Children learn how to use an atlas and globe and compare and contrast the different physical and human features in different biomes.
