Working Together to Achieve Success

## Newsletter— June 2026

With just six weeks left of this academic year, it's amazing to see how quickly the time has flown. It has been a privilege to watch your children grow and develop socially, emotionally and academically. Staff are continuing to work incredibly hard right up to the end of term, with engaging and purposeful learning planned for every year group.

As the weather keeps us guessing, please remember to send your child with a **named water bottle**, **named sunhat**, and a **light raincoat**. If possible, apply sun cream before school to help keep children safe during outdoor learning and play.

We have an exciting final half term ahead, including **sports day**, **transition events** and our **Year 2 leavers' celebrations**. These are such important milestones for the children, and we can't wait to share them with you.

Attendance remains a **high priority**, especially at this busy time of year. Every day really does count, and being in school ensures children don't miss out on key learning and the special events planned.

Keep reading to see what's coming up and to get key dates in your diary.

## Annual Parent Report

The teachers have been busy writing reports. The reports are lovely and really build a picture of your child in school. We have added targets which, if you support your child by doing these over the summer, then your child will be in the best place possible for coming back to school in August whether that is here at Imperial or where they are moving to for their Junior School.

Reports will be coming out to you w/c **Monday 29th June 2026**.
