Key Questions

What's the weather like today?	If you have a garden, what does it look like at the moment?
What clothes do you think you will need for outdoor play today?	How do you feel today?
What did you notice on your way to school today?	What day is it today?
Have you seen any animals today?	What's the best cold-weather food and drinks?

The Royal Charter of Facts

Winter is the months of December, January and February.

Winter comes after Autumn time.

As winter is cold our environment changes and not much grows.

In Winter, families celebrate in all different ways.

First Hand/Real Life Learning Experiences

- Freeze some items for exploration
- North pole small world/role play area
- Flour in tray to make 'snow footprints'
- Cosy hot chocolate story time

Learning Spark

Penguins frozen in ice, penguin with a message, pair of gloves, snowy (flour) animal prints.
