SINGLE EQUALITY POLICY

EQUALITY STATEMENT

Legal Duties

As a school we welcome our duties under the Equality Act 2010. The general duties are to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity
- foster good relations

We understand the principles of the act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity.

A protected characteristic under the act covers the groups listed below:

- age (for employees not for service provision)
- disability
- race
- sex (including issues of transgender)
- gender reassignment
- maternity and pregnancy
- religion and belief
- sexual orientation
- marriage and civil partnership (for employees)

In advancing equality of opportunity:

- we aim to remove or minimise disadvantages suffered by people due to their protected characteristics;
- we aim to meet the needs of people with certain protected characteristics where these are different from the needs of other people;
- we encourage people with certain protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties. These are to:

- publish equality information – to demonstrate compliance with the general duty across its functions (**We will not publish any information that can specifically identify any child**)
- prepare and publish equality objectives

To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school. This will include the following functions:

- admissions
- attendance
- attainment and progress
- exclusions
- prejudice related incidents
- participation

Our objectives will detail how we will ensure equality is applied to the functions listed above. However, where we find evidence that other functions have a significant impact on any particular group, we will include work in this area.

We use evaluation and data collection to inform our decision-making and assess the impact on equality of our decision-making, policies and practices.

We also welcome our duty under the Education Act 2011 to demonstrate how the education we provide meets the needs of the range of pupils at the school.

We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

In fulfilling our legal obligations we will:

- recognise and respect diversity
- foster positive attitudes and relationships and a shared sense of belonging
- tackle prejudice and promote understanding between people from different groups
- observe good equalities practice, including staff recruitment, retention and development and procurement
- aim to reduce and remove existing inequalities and barriers
- consult and involve widely
- strive to ensure that the communities within, around and beyond our school will benefit
- follow guidance from Bury Children's Service HR on equality in recruitment, selection and employment

- use the school’s complaints procedure initially to deal with any complaints under the Equality Act 2010, use the Questions Procedure and for any complaints not resolved internally, use the local authority complaints procedure.

Addressing Prejudice Related Incidents

This school is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fare less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice in order to reduce the likelihood of any incidents. If incidents occur we address them immediately and report them to the Governing Body.
