

Blackawton Primary School NEWSLETTER

Creative - Confident - Caring

Friday 3rd October 2025

Dear Parents and Carers,

We hope you are well.

Wow – we really are whizzing through this first half-term! Before we know it, we'll have completed one sixth of the academic year already. This part of the year can often feel like a turning point: the weather is getting colder, the nights are drawing in earlier, and the initial excitement of September begins to give way to the steady rhythm of school routines. These routines, however, are what give children a sense of stability and enable them to feel confident, happy, and ready to learn each day. Thank you for your support with this.

There are many exciting things coming up over the next few weeks. A key date to note is our **first Parents and Carers Forum on Tuesday 14th October at 2.30pm in the school hall**. As previously shared, this session will focus on our **11 by 11 offer**, which is all about the experiences and opportunities we want every child to have access to during their primary years with us. There will also be time at the end for wider discussion, questions, and feedback – both positive and constructive. We really value your voice and hope many of you will be able to join us.

Thank you, as always, for the way you support your children in engaging so positively with school life. It has been a real joy to see them embracing their learning and routines so well. The energy, curiosity, and enthusiasm they are bringing into school is wonderful to witness. Of course, at this time of year, illness is sometimes unavoidable, but we would encourage children to be in school whenever they are well enough – even small breaks in learning can make a difference to their confidence and progress.

Once again, thank you for your ongoing support of both the children and the school. It really does make such a difference. Wishing you all a restful and enjoyable weekend.

Best wishes,

Liam Fielding and Charlotte Buckle
Headteacher Deputy Head

CLASS 'SNAPPY' NEWS

“Electrifying events”

Nursery

This week in nursery, we've been learning all about our amazing bodies – and what a fun and busy time it's been! Observing our little hands to find out fingerprints through colourful handprint art – a fun (and slightly messy!) way to learn about how unique we all are. We checked our teeth in the mirror and talked about brushing them every day to keep them shiny and strong! They all had great fun with the huge toothbrush and teeth during messy play. The children loved our height prediction chart – we guessed who might be the biggest and smallest in Nursery. Using our noses, we explored different smells – from fresh oranges to cinnamon. Lots of giggles (and a few funny faces)! We had fun playing doctors and patients – listening to heartbeats, using toy thermometers, and learning that doctors help us stay healthy. We've had a fantastic week celebrating all the things our bodies can do.

Class 1

Our theme this week is My Body. We have enjoyed the story Funny bones and had fun looking at skeletons and feeling the hard bones in our own bodies. This has meant learning some new tricky language, like skull, ribs, pelvis, spine. The children all had a go at drawing the funny bones characters - they did really well!

Class 2

A great week of learning in Class 2 has been had. We have all completed our big writes based on Daisy Doodles. We enjoyed comparing our first ever writing to the stories we have written and sharing what we are proud of. In maths we have used the symbols $<$ $>$ and $=$ to compare amounts and numbers. In PE we have practised running and dribbling in football and developed our accurate passing in netball and went on a sensory walk in Science as we explore our 5 senses.

Class 3

In PE, we've been out in the sunshine practising our hockey skills and putting our defence strategies into action. In Geography, we have been exploring *informal settlements* around the world and discussing why people often choose to live in these areas closer to the city. In Maths, we've been learning how to compare numbers, while in English, we've been developing our descriptive writing by imagining the personalities of different types of dragons. In Science, we've been investigating electricity and successfully creating complete circuits. It's been a fun and productive week of learning!

Class 4

In science, the children have been exploring electrical circuits — building their own and learning to use the correct symbols to represent each component in diagrams. They have loved the hands-on investigations and are becoming confident at explaining how electricity flows. Our the class have been developing their basketball and football skills—their confidence and coordination are really starting to show on the playground and in lessons. In maths, we have been mastering factors and multiples. They've been spotting patterns, using efficient strategies and challenging themselves with problem-solving tasks. Whilst in English, the focus has been on creating tension and atmosphere in stories. The children have been learning how to use adverbs and adverbials to draw the reader in and make their writing more dramatic and engaging.

Class 5

Class 5 have had a week of assessments! They have persevered and demonstrated positive mindsets, even when finding it tricky - trying their best is all we ask! We will be inviting pupils to have some extra tutoring time after school next term - look out for the email. In science, we are seeing our bread experiment evolve daily. There are various colourful patches of mould to examine and the slice that was 'coughed' on, tells us lots of things about germs and microorganisms already. We have also seen the results of our tie-dyeing experiment and have loved drawing portraits in ink - without taking the pen off the paper - very entertaining!

In Other News

What a Glorious Week in Forest School!

We've been soaking up the sunshine this week in Forest School, and what a perfect time it's been to explore the theme of *Harvest*—so fitting for this time of year.

Nursery and Class 1 put their fine motor skills to the test, practising careful cutting as they sliced apples for a seasonal treat. The delightful mix of apples and cinnamon filled the air—an ultimate autumn favourite—and the children absolutely loved it.

Classes 2 and 3 harvested apples straight from our own trees and turned them into a tasty campfire treat. It was a wonderful way to connect with the food we eat and the season we're in.

Classes 4 and 5 gathered around the fire, where we shared folk tales and legends. One story that captured everyone's imagination was about a poor mother and daughter who were helped by the North Wind in a time of need. The children also made their own BBQ sticks and used them to caramelize apples with cinnamon over the fire—a delicious hands-on experience!

Many children also got creative with clay, making beautiful leaf imprints—a perfect memento of the changing season.

All in all, it was a magical week of sunshine, storytelling, and skill-building in nature. Here's to more golden days ahead!

A Big Thank You to Gardening Club!

We would like to say a huge thank you to our Gardening Club for starting to clear the weeds in the bottom playground, clearing the beds in the garden and for caring so beautifully for our school environment. If anyone would like to donate a small plant for the beds, please drop it into the school office—we would be very grateful.

Thank you also to those who have already donated spring bulbs. We can't wait to see the playground burst into colour when they bloom in the spring!

ECO News

Launching Biodiversity in Our School Grounds

We are very excited to share that our school has officially launched a *Biodiversity Project* within our grounds! This special initiative is part of a national project run by NEP Parks, which encourages schools and communities to increase and protect local wildlife habitats.

As part of the project, we will be creating spaces around the school that support a wide variety of plants, insects, and animals. This might include planting wildflowers, building bug hotels, and caring for existing green spaces so that nature can thrive.

We will begin by establishing a *baseline* of where we are now, so that we can carefully track and reassess the impact of our efforts as the project develops.

By joining this national effort, our school is helping to make a real difference—not just for our local environment, but as part of a bigger picture across the country. We are looking forward to seeing how the project grows and how it can inspire our pupils to be proud caretakers of the natural world.

Welcome to our new schools

We're proud to have a 100% recommendation rate from the schools we've worked with to date, with many utilising our free, state-funded school services on a repeat basis each year.

Since September, we've also had a number of new schools in Devon, Dorset and Somerset sign up to our Biodiversity in Schools Project. We'd like to give a big Little Green Change welcome to some of them including Avishayes Primary School, Blackawton Primary School, Branscombe Primary School, Feniton Primary School, Hemyock Primary School, Lady Seaward's Primary School, Milverton Community Primary School, Offwell Primary School, Ottery St Mary Primary School, and Westfield Arts College.

We're delighted to be working with over 100 schools to educate children about protecting our environment. Thanks to our funders for making this possible.

Corporate membership

Becoming a Little Green Change corporate member is a great way of contributing to a healthier environment, investing in education and the green skills needed for the future, and supporting community action. Find out more on our website: littlegreenchange.com/corporate-membership

Music

This is Class 4 playing ukulele and Glockenspiel along to Taylor Swift in their music lesson this week—they sounded amazing.

Class 1 worked on their harvest song, as well as listening and moving to Carnival of the animals.

Class 3 have consolidated their learning on recorders and ocarinas, whilst class 2 worked hard on some of their harvest songs.

Class 5 continued their learning Glockenspiels and reading the notes this week.

House Team Charities

This year, our House Team Leaders have been busy researching charities to support throughout the year. They will be planning and organising events to raise money and awareness for their chosen charities.

We were so impressed with the way our leaders presented their ideas to their family groups. Their public speaking was outstanding—they spoke with confidence, clarity, and passion. They truly set an excellent example as role models for the rest of the school, showing great organisation, teamwork, and commitment.

From preparing their own presentations to working to deadlines and clearly sharing their mission, our House Team Leaders have already demonstrated the skills and leadership that will make this year's charity work a real success.

Well done House Teams!

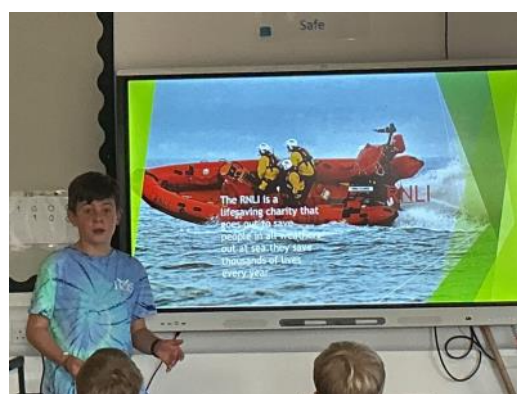

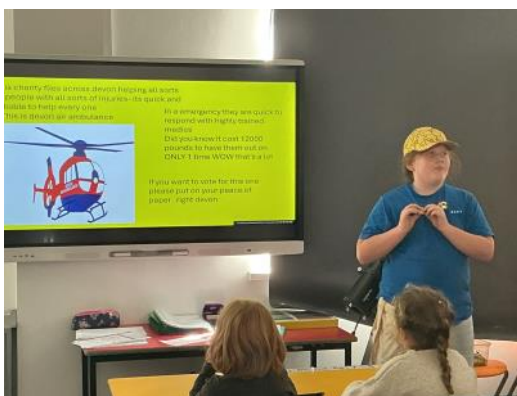

Our chosen Charities for the year are:

Blue: Lottery Dogs, Hutterleigh, Blackawton

Green: Cancer Research UK

Red: RSPCA

Yellow: Animals In Distress - Toray & Westcountry

Agatha's write up of her experience of performing
at the Royal Albert Hall

The Albert Hall was massive. When I got there, I was nervous and excited at the same time!

We practiced loads and then it was time for the real thing!

Lots of audience came in and the show was amazing! For the first half we were dancing then we were in the choir singing.

The Royal Albert Hall!

Miss Burt's Recommended Read:

This week's recommended is a great book to celebrate international carrot day, Friday 3rd October.

We meet a rabbit who loves carrots so much that his burrow becomes too crowded, leading to a series of unfortunate events as he tries to find space for his collection. He learns the importance of sharing and how true friendship provides more than just a place to sleep.

A wonderful story to share.

Shoobox Appeal 2025

A reminder that this year's Shoobox Appeal is coming up just before half-term, this year channelled through cr2ee, (Christian Response to Eastern Europe), operating from Exmouth.

These shoeboxes will be heading to **Moldova** and **Ukraine**. Moldova is one of the poorest countries in Europe, and Ukraine is still in the grips of war. We know every single box will be gratefully received this Christmas!

Please bring any completed shoeboxes, (or contributions to put into boxes), to school by Monday 20th October (later than this will be too late!!) So ideally, this date!!

Suggestions for contributions to children's shoeboxes:

Hat	Scarf	Gloves	Socks / tights
Hairbrush	Soap	Toothpaste	Toothbrush
Shower gel	Shampoo	Deodorant	T-shirt
Calculator	Colouring book	Paint Box	Pencils
Felt-tip pens	Wax crayons	Colouring pencils	Exercise books
Cuddly Toy	Tennis ball	Jigsaw Puzzles	Torch
Biscuits	Chocolates	Sweets	Pyjamas
For girls.....	Tights	Dolls	Beads
Friendship Bracelets	Craft Items	Glow Sticks	
Hair Clips & Slides	Lip Gloss	Purse	Jewellery
For boys	Lego Bricks	Toy Cars	Wallet
Glow Sticks	Airfix Type Models	Magnifying Glass	

Please label each completed box with the approximate age and indicate BOY or GIRL. You are welcome to include photos of your family and a covering letter, but **no address** please. There is **NO COST** for transport or need for a paid barcode!

cr2ee has been sending shoeboxes to Moldova for over 20 years, and those organising the boxes know the poorest families well. Since the outbreak of war, they have also been delivering boxes to children in Ukraine, where normal life for children has been totally destroyed, and so these boxes will make Christmas very special for them.

Bless you and Thank you!

The Children's Bookshow

showcases the **best children's books** with authors and illustrators live on stage. **Come and see**

Author, **Alom Shaha**, & illustrator **Sarthak Sinha**

Join us for a fun morning exploring Art, Science and Literature through the book, *How to Find A Rainbow!* Author and teacher Alom Shaha will bring the science of light to life on stage with some stunning demonstrations, and he'll read stories too. Indian illustrator, Sarthak Sinha, will draw for us live, talk about his process and materials, and reveal the important role of light when creating picture books. Don't miss it!

Venue: Northcott Theatre,
Exeter, Devon, EX4 4QB

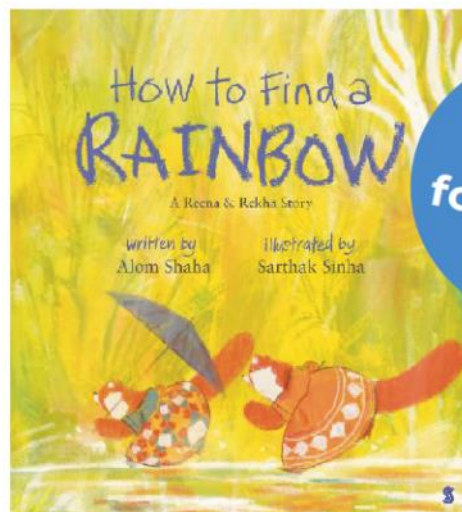

Date: Tuesday 11 November

Time: 10.30am

Duration: approx. 1 hour

Age: Years 1, 2 and 3

Tickets: £7 (includes free
book for every child)

**FREE
book
for EVERY
child!**

Four **FREE** in-school workshops with Alom and Sarthak (worth £500) available for schools attending the performance *
