

# Voice Sounds

## Home Learning Challenges

Use your voice to create some sound effects. Can you make a sound like a ticking clock or a doorbell? Listen to sounds you hear around your home - can you make a sound just like them?

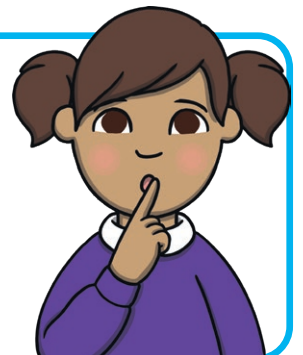

Play an animal-themed guessing game. Make some sound effects for different animal noises and encourage someone to guess what animal sound you were making. You could 'meow' like a cat, 'woof' like a dog or 'hissss' like a snake. What other animal sounds can you make?

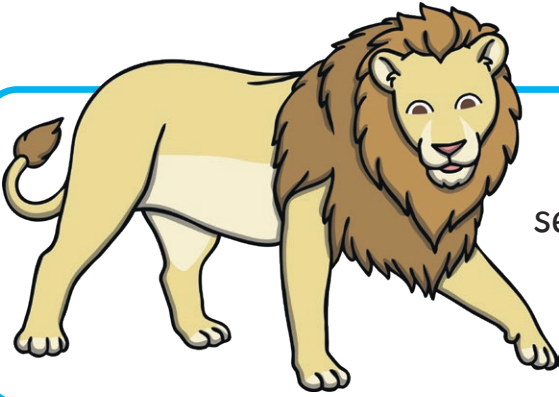

Teach a grown-up the song Old MacDonald Had a Farm. What animals will be in your song? What noises do the animals make?

Try making some different voice sounds to show different feelings and emotions. For example, 'oh!' when surprised, 'mmm' when eating something yummy and 'sshh' when trying to be quiet!

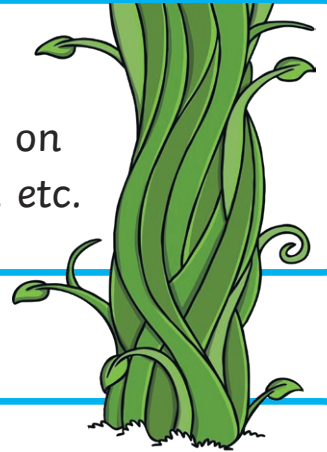

# Voice Sounds

## Home Learning Challenges

Try reading and saying these noisy sentences: The car went beep, beep. The lion went roar. The cat went meow. Can you think of a noisy sentence of your own?

Look through a storybook and add sound effects for everything that happens, such as magic beans falling on the floor, climbing up the beanstalk, giant's footsteps, etc.

Play a funny voices game as you listen to a story. Think about the sounds or voices each character might use and try saying some sentences as each character. Can you speak like a troll? How about a fairy? What other characters could you be? Can you change your voice to make different voices for each character?
