Definition of Additional Learning Needs (ALN)

1. A person has additional learning needs if they have a learning difficulty or disability (whether the learning difficulty or disability arises from a medical condition or otherwise) which calls for additional learning provision.
2. A child of compulsory school age or person over that age has a learning difficulty or disability if they:
 - have a significantly greater difficulty in learning than the majority of others of the same age,
 - have a disability for the purposes of the Equality Act 2010 (c. 15) which prevents or hinders him or her from making use of facilities for education or training of a kind generally provided for others of the same age in mainstream maintained schools or mainstream institutions in the further education sector.
3. A child under compulsory school age has a learning difficulty or disability if he or she is or would be if no additional learning provision were made, likely to be within subsection (2) when of compulsory school age.

A person does not have a learning difficulty or disability solely because the language (or form of language) in which he or she is or will be taught is different from a language (or form of language) which is or has been used at home.

Aims

Chepstow School prides itself on being a fully inclusive community for pupils of all abilities, challenges, race, gender, and social origin. A criterion of the school's success will be its ability to meet a wide and varied range of learning needs. The school also recognises that many pupils throughout their full-time education will experience a time when they need targeted support from time to time, a few pupils will require provision which is 'additional to' or 'different from' the education provision made generally for pupils.

Chepstow School is committed to promoting high standards of appropriate achievements and progress for all pupils with additional learning needs:

- Pupils with identified additional needs and challenges will be enabled to have full access to their entitlement to a broad, balanced, and relevant curriculum. The school will ensure that access to the curriculum includes physical, visual, auditory, emotional, behavioural social, cognitive, literacy and numeracy access and how to achieve well and make a valued contribution.
- To provide provision through universal, universal plus, targeted and specialist support and intervention to overcome barriers to learning for all.
- To meet the needs of all pupils with Additional Learning Needs requiring Additional Learning Provision as far as resources will allow at the school and with the support of the LA and outside agencies.
- To take a person-centred approach to ensure the wishes, views and opinions of the pupil are captured and considered. Parental engagement forms a critical aspect of the process.
- To establish a continuity of provision and expectation through consultation with feeder primary schools, the LA, and other partners.
- There will be communication and collaboration between all stakeholders, including agencies. Where appropriate a multi-disciplinary approach will be taken to devise additional learning provision and support dispute resolution.

- Use their best endeavours and provide reasonable adjustments to make sure that a child with ALN or a disability gets the support they need – this means doing everything they can to remove barriers to learning.
- Through reviewing IDPs, they should consider what reasonable adjustments have been made to ensure fair and equal access to the curriculum. This may include staffing, timetable changes, adjustments to the physical environment, whilst also acknowledging that what matters most – and has the biggest impact – high quality teaching.
- Work in partnership with the Head Teacher and school leaders to ensure the curriculum offered meets the needs of all pupils and that there is a teaching and learning policy that is understood by all staff. ADDITIONAL LEARNING NEEDS POLICY

CHEPSTOW SCHOOL | YSGOL CAS-GWENT

- Consider how changes to policies and practices across the school might impact on ALN pupils.
- Constant liaison between Finance and Resources and Wellbeing Committees around ALN funding.

Support Agencies

Various external support agencies, including speech therapists, physiotherapists, occupational therapists, educational psychologists, sensory impairment specialists, literacy and numeracy basic skills staff and medical staff will support and guide staff in providing appropriately for pupils in their assessment, lesson planning, methods, strategies and delivery styles.

They may, if necessary, to the success of the pupil, withdraw pupils for one to one or small group sessions where this can be shown to improve access to and achievement in the full curriculum entitlement.

All agencies supporting an individual are invited to attend and contribute to the person-centred review meeting held each year.

Implementation of the ALN Act

During the phased implementation of the ALN Act school will ensure that both the ALN and the SEN systems run effectively

From September 2021, ALN legislation will be used to support all pupils newly identified as having an additional learning need which calls for additional learning provision

From January 2022, those pupils in Year 1, 3, 5, 7 and 10 will be transferring to the new system

All other pupils with an already identified need will remain on the current SEN system in-line with Welsh Government guidance.

Both the ALN system and the Curriculum Framework are designed to deliver an inclusive and equitable education system in Wales. The Curriculum for Wales seeks to allow for a broadening of learning, ensuring that all pupils with additional learning needs are supported to overcome barriers to learning and achieve their full potential.

Identification and monitoring of a pupil with Additional Learning Needs is carried out through the assessment and wellbeing processes at Chepstow School

ADDITIONAL LEARNING NEEDS POLICY

CHEPSTOW SCHOOL | YSGOL CAS-GWENT

Teachers are involved in the on-going assessment of pupil needs and progress to determine need; monitoring and tracking systems support the identification of any progress concerns and the requirement for further assessment.

Pupils are assessed according to concerns regarding learning, physical / medical / sensory conditions, social, emotional, and behavioural problems and communication and interaction.

The following are used in determining a pupil's level of need:

- standardised assessment data
- teacher assessment data
- diagnostic testing assessments by class teacher, ALNCo and outside agencies
- behaviour / relationship logs
- transition information from previous setting / school
- information provided from external professionals
- reference to previous concerns or discussions with parents

The assessment and wellbeing systems collate data on pupils that provide teachers, parents and most importantly the pupil with clear information to inform their learning. This data is used in the tracking and monitoring of pupil progress and to determine their learning requirements.

Levels of Support / Provision Mapping

Meeting the needs of pupils with ALN is part of a whole school approach to school improvement. The way in which a maintained mainstream school meets the needs of all children or young people has a direct bearing on the nature of the ALP required by pupils with ALN, and the point at which ALP is required.

The key to meeting the needs of all children and young people lies in the staff's knowledge of each child and young person's skills and abilities. The staff's capacity to then match this knowledge with identifying ways of providing appropriate access to the curriculum for every child and young person is also critical. (Person centred planning)

Chepstow School's provision map will be reviewed and updated annually to ensure that the current cohort of pupils have their needs met and have access to the appropriate level of support. (see Appendix iii School Provision Map 21/22)

ADDITIONAL LEARNING NEEDS POLICY

CHEPSTOW SCHOOL | YSGOL CAS-GWENT

Consequently, improvements in the teaching and learning of children and young people with ALN cannot be isolated from improvements in the teaching and learning for children and young people across a school as a whole. Improvement in one should be mutually supportive of improvement in the other.

- There will be no barriers to every pupil achieving
- The majority of pupils will be able to study the full curriculum using only the aids which they use as part of their daily life
- A minority of pupils will be provided with access to specialist equipment and different approaches to learning

The school assessment and pastoral system allows for the collection of data early in each Key Stage and Year. Pupils requiring support can then be identified and intervention strategies developed. Data is collected from Assessment, Recording and Reporting systems, Attendance data, Relationship Systems, and the Pastoral System.

The levels of support:

Specific Additional Learning Provision

The needs of a pupil are severe and complex, and a multi-disciplinary approach is required to maximise progress and develop and review additional learning provision. This is where provision needs to be different from that which is provided through school resources and individual to the pupil's needs.

Individual Development Plans (or existing Statements) are statutory documents created to demonstrate needs and provision to meet these needs. Individual Development Plans can be maintained by the school or the Local Authority, based on need.

Where a pupil is newly identified as having an additional learning need calling for additional learning provision, an Individual Development Plan is established with the agencies, parents, the pupil, and school staff.

For pupils with Statements, a Statement will remain in place, maintained by the Local Authority until Welsh Government provide specific information on the transformation of Statements to IDPs in the coming years of implementation but by September 2024

ADDITIONAL LEARNING NEEDS POLICY

CHEPSTOW SCHOOL | YSGOL CAS-GWENT

In all cases of a Statement of SEN or an IDP, a review meeting will be held at least annually, and all stakeholders invited to contribute.

Targeted Intervention

School has a range of targeted provision in place which can be short or long term to meet an identified barrier to learning. This can also include support from staff with specific training, accessed through school resources or externally. A One Page Profile is developed with all stakeholders which provides key information on the pupil to all working with the individual. There may also be a Pastoral Support Plan or Medical Plan in place that details the targeted provision in more detail. These documents will be reviewed at least annually. Within the targeted intervention, there will be set targets of focus, through which school staff will continue to track and monitor progress.

Universal Provision

Reasonable adjustments can be required to overcome barriers to learning, these can be associated with seating position, timings, resources etc. For individuals who require reasonable adjustments within the classroom, a One Page Profile will be developed to share this information with all stakeholders.

All teaching and learning throughout the school is inclusive to meet the needs of nearly all pupils, including high quality differentiation.

For all pupils with identified additional learning needs, One Page Profiles are created with pupils and families to gauge and record their views on approaches to support in making progress and achieving success. One Page Profiles are working documents accessible to all staff, which will be formally reviewed at least once each year, through person centred approaches.

Individual Development Plans / Statements of SEN are stored securely on the School Information Management System for all staff to assess as required (support and teaching staff); staff are prompted to access the relevant information by the ALNCo / Deputy ALNCo / Lead for the SRB. Individual Development Plans are reviewed through person centred practice annually or where there is a significant change in need.

Pupil, parental and other stakeholder engagement at each stage of the process is fundamental in the construction, review, and development of additional learning provision.

ADDITIONAL LEARNING NEEDS POLICY

CHEPSTOW SCHOOL | YSGOL CAS-GWENT

The school welcomes and listens to parental concerns and acts with agreed actions to determine individual need and provision required to meet the needs identified through its systems and structures.

Parents can discuss any specific ALN concerns with the ALN Team.

The Complaints Policy is accessible through the School Website.

Monitoring and Evaluation

The success of the school's Additional Learning Needs Policy and Additional Learning Provision is evaluated through:

- analysis of pupil tracking data and test results
- value added data
- monitoring of procedures and practice by the Senior Leadership Team and the Middle Leaders
- reviewing target sheets and IDP outcomes
- school self-evaluation, using a variety of approaches, including a self-evaluation of ALN and an action plan that relates to the School Development Plan (SDP)
- Review of delegated spend
- ALNCO annual report to Governors
- Effectiveness of the school provision map
- the Additional Learning Needs moderation process
- the Annual ALN Team Review
- Faculty Review Documents
- Year Group Learning Reviews
