

Rabbits Class Our Amazing World Homework Menu

Please continue with your regular tasks - spellings and regular reading of your school reading books.

Choose at least one of these tasks to hand in on a Monday or email to y1homelearning@mauldenlower.com
Remember to write the task code (M1, A7 etc) in your homework book and tick it off the sheet!

Maths

1. Research the heights of your five favourite animals and then draw them in height order.
2. Write number sentences to add the number of legs on different animals e.g. zebra + flamingo = 6
3. Find out how many miles Maulden is from the nearest beach, from the nearest mountains and from the nearest city.
4. Draw a picture of Our Amazing World using as many 2D shapes as possible. Try to include circles, triangles, squares, rectangles and diamonds.
5. When it is 4 o'clock in the afternoon in Maulden, what time it is in other places around Our Amazing World?

Science

1. Make a poster about different types of animals - fish, birds, amphibians, reptiles and mammals.
2. Watch documentary footage of animals in the wild. Try making a mini wildlife documentary about your own pet.
3. Go tree spotting - how can you identify different trees from their leaves or bark?
4. Grow your own plants from seeds. Take photos and measurements as they grow.

Computing

1. With an adult, explore the Hubble Telescope website. Check out those amazing gallery images!
2. With an adult, search the internet for fascinating space facts. Make your very own space fact book.
3. With an adult search the internet for images and facts about amazing woodlands or forests around the world.

Values

1. Our Values for this term are Politeness and Patience. Play a board game with your family and remember to show these Values!
2. Write a playtime guide for other children to explain ways of being respectful to others and working as a team.

Our Amazing World Summer Term

Art/Design/Music

1. Choose and draw or paint an animal that could be found in the local woods.
2. Choose an endangered animal to draw or paint. Find out where it lives and why it is endangered.
3. Design a collage of plants or an animal using natural materials.
4. Make an animal mask
5. Make a bird feeder for your garden. Then watch out every day for bird visitors!
6. Draw or paint the camouflage markings of a range of animals such as leopards, giraffes or tigers.
7. Create your own animal, plant, nature or space song.
8. Find out about famous artists who have used the woodland for inspiration, such as Andy Goldsworthy.

English

1. Find out about unusual pets using non-fiction books or the internet. Download a photograph of the most interesting pet and write their name. What does it eat? How should it be cared for?
2. Make a scrapbook all about your pet, or a pet belonging to someone you know. What is the pet's name? Write about interesting things they do and things they need to stay healthy.
3. Write out your favourite animal nursery rhyme or poem in your best handwriting.
4. Make an Amazing Animals factsheet about 3 animals - once carnivore, one herbivore and one omnivore.

History/Geography

1. Locate on a world map where all your favourite animals come from. What is the weather like in that country?
2. Find out about animals that live in hot and cold countries.
3. Find out about a famous person from history. Draw them and write 5 facts about them.
4. Draw the flags of all four countries in the United Kingdom and also the Union Jack.

RE/PSHE/PE

1. Challenge your family to a jumping, skipping or hopping competition and record the results - who is the winner?
2. Write a list of everything you are grateful for in Our Amazing World.
3. See how many star jumps you can do in one minute and then practise to try to beat your own record.
