Pupil Premium

What is it?

The pupil premium funding provided by the government. It is intended to address the achievement gap between children eligible for free school meals (FSM) and children who do not receive this funding. It is for individual schools to decide how the money is spent.

At Newbold C of E Primary School, the Pupil Premium is used to ensure that all pupils reach their full potential regardless of their social situation. Pupil premium resources are also used to support more able children.

How much do we receive?

We receive £1345 per child who is eligible for FSM, £2345 for adopted or looked after children and £310 for children who have parents in service. In the financial year of April 2019- 2020 we received £13840. In the financial Year of April 2021-2022, we will receive £4035.

What is the funding used for?

We ensure that teaching and learning opportunities meet the needs of all pupils. Appropriate provision is made for pupils that belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed. Pupil Premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. This will be through whole school monitoring of data, assessments and discussions with teachers and support staff. We recognise that not all pupils that receive Pupil Premium funding will be socially disadvantaged.

Evaluation

Discussions with governors, parents, staff and children clearly shows the value of how this funding is allocated at Newbold C of E primary school. Parents of children receiving the support are fully supportive of the process and recognise the benefits this gives their children. The impact is monitored termly and is clearly identified in our pupil's progress tracking.
