24th May 2024

It has been a very busy few weeks in school.

Our Year 6 children completed their SATs test and we were all extremely proud of their attitudes, resilience and determination. Today the Yr 6 children have visited Beaumanor Hall for a day learning about WWII. Year 5 children visited Bosworth Battlefield and had an enjoyable day learning about the Battle and the events of that period in history. Year 1 children visited the Yew Tree trail with other children from the Collaborative Schools and Yr 3 pupils welcomed children from Spinney Hill Primary School to our school for a day, our Yr 3 children will be visiting Spinney Hill next half term.

Yesterday our Yr 3 children joined children from the five other Collaborative Partnership schools to perform in Vocalease at the Whitwick leisure centre. The children were amazing! They sang beautifully and all adults who attended were so proud of the children. I would like to say a big thank you to the staff who have supported the children throughout the build up to the event, learning the songs and organising rehearsals. The biggest thanks go to the children they were all stars and an absolute credit to the school throughout the whole day at the leisure centre but especially during the performance.

Building work is progressing well. The foundations are almost complete, and the modular classrooms are scheduled to be installed in mid-June.

Thank you to all who have worked to improve the traffic conditions in front of the school. I am aware that there continue to be issues in the locality around inconsiderate parking. We will be holding open meetings for local residents and other groups in the next half term. Dates to follow after half term.

I hope that you all have an enjoyable long weekend and a great half term.

Thank you for your continued support.

Mr Driver
Headteacher

Meet the Governor – Dan Roberts

I have been a governor at Hugglescote Community Primary School for three and a half years, serving as a Co-Opted Governor. As a member of the resources committee, I contribute to monitoring and planning for the school's future from a financial perspective. Additionally, I oversee the Science and Math subject areas, ensuring that the excellent work happening within the school is supported and well-monitored from behind the scenes.

A bit about me: I have lived and worked in this area for many years and am a parent to three children, with two currently attending the school (one in EYFS and one in Year 3). Professionally, I have been a STEM (Science, Technology, Engineering, and Maths) Ambassador since 2015 and have over fifteen years of experience in the Science Education sector within the UK.

Picture description: This is me at the National STEM Learning Centre, in a LEGO model of the Soyuz TMA-19M that brought Tim Peake back to Earth.

MIXED CRICKET COMPETITION 🏏 Brilliant

afternoon of cricket. Both teams did really well. Hugglescote B won 2 out of 5 games and narrowly missed out winning two games but played so well. Hugglescote won 3 out of their 4 games and went through to the Plate final against Belvoirdale, which they won!!

It was an afternoon filled with cricket. 🏏 The sun shone and the girls played game after game. ☀️ We took two teams and they all were absolutely amazing. Showing team spirit and solidarity and skill a plenty. Unfortunately, within the two pools neither of the two teams made it through to the final, however both teams won more than one and lost too. It was a pleasure taking them.

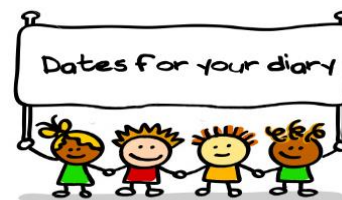

The PTFA will be selling Bouncy Bonanza tickets at drop off and pick up on Tuesday 4th and Wednesday 5th June. £5 per child.

If you do not do drop off/pick up on these days as your child goes to Breakfast Club or Pitstop, please send the money in a named envelope with your preferred session on the front.

Well done to 1EH/LC for having the highest attendance so far this year.

HUGGLESCOTE PRIMARY SCHOOL PTFA EVENT
