

# TEIGN SCHOOL HEAD'S NEWSLETTER

Dear All,  
It has been another few weeks with so much going on around the school. We have been reflecting on how amazing our Student Leaders are and the way in which participation has grown over the years. It is an exciting time for this to develop further as new platforms begin to be implemented.  
If your child holds a leadership role- please commend them and if they don't please encourage them to sign up!  
With best wishes,  
Lucie Wagner

Head of School

We are aware that there have been some changes in the staffing recently and potentially some unfamiliar faces. It is important to us that our community know who we are and feel comfortable in approaching us. With that in mind, each newsletter, we will introduce different aspects of the school staff teams to you- this edition is the Wellbeing Officers who form part of the pastoral support for students

### Highlight of the Term (so far!)

#### Teign School Dance Show

This was an incredible evening which was made even more fantastic by the fact that it was planned, choreographed and hosted by Student Leaders. Special mentions to Tegan and Maddy who showed amazing leadership skills throughout. It was such a joy to see how the younger students looked to the older ones for reassurance and guidance.

British Science Week is a ten-day celebration of science, technology, engineering and maths that will place between 8 - 17 March 2024!

This week has been British Science week where students have learned more about Science and celebrate the diverse people and careers in Science and engineering. There have been many opportunities for students to get involved through Science week assemblies, tutorials, lessons and activities to do at home. Huge well done to our Science ambassadors who have lead assemblies this week
