Variety is the Spice of Life

The saying *Variety is the Spice of Life* comes from William Cowper's 1785 poem; **The Task** in which he encourages people to experience different things in order to live a full and happy life. I used this saying in my assemblies this week as part of our Life Skills learning and the spring term's *Healthy Me* topic. A healthy mind and body relies on experiencing different things and if we take a look at the diary dates and the variation of learning and activities that we do in school each year, it would be easy to see that Belvoirdale offers a HUGE variety of learning and experiences, and none more so than the year six residential visit this week in which the children will experience new challenges every day! As parents and teachers, nothing should give us more pleasure than watching our children attempt new challenges every day and then seeing their faces when they have tried and if they succeed or fail, the response should be the same: Well done for making the EFFORT!!!

Have Your Say NOW!

The Government have launched a HUGE CONSULTATION to consider how children use digital technology as well as measures including: setting a minimum age for children to access social media - and what age would be right. Restricting risky functionalities and design features that encourage excessive use, such as infinite scrolling and autoplay. Whether the digital age of consent should be raised. Whether the guidance on the use of mobile phones in schools should be made law. Provide better support for parents, including clearer guidance and simpler parental controls. RED NOSE DAY Friday 20th March A Colourful Story!

A colourful story

To celebrate Red Nose Day on Friday, our school will be taking part in a variety of fun activities to raise money for Comic Relief.

Children are invited to wear colourful clothes to celebrate the Non-Uniform day in school and from Monday 16th March, Comic Relief RED NOSES will be available to buy from Belvoirdale School Council.

One of the fun challenges we are setting the children is a class-based challenge to be **SILENT for short intervals in the classroom.**

Children will be encouraged to find ways to communicate through signs and sign language, as well as images and words written down.

This not only supports communication and writing skills, but also highlights our human need to communicate and connect with each other in different ways. Teachers will also discuss the many communication strategies that human beings have employed over the centuries to tell stories and secretly communicate with each other, such as pictures, cave drawings, Morse code, traffic signals and sign language. Can you think of any more?

Children are invited to donate £1 via Parent Pay (No cash please) to take part in our support for Comic Relief. All money raised will go to Comic Relief to help support people facing hardship both in the UK and around the world.
