

A Level Chemistry

Stepping-Up to Year 13 Information

Where can I find lesson materials?

You will find the full specification, powerpoints for each lesson, online text books, checklists for each topic and summary notes in **Teams**.

What does homework look like?

Homework this year is in the form of **exam-style questions**.

You will have access to the mark scheme to correct your work and improve your **exam technique/** knowledge.

What does Guided Learning look like?

Following the links below to the A-level chemistry website, there are assessed homework tasks with mark schemes, and Tests, with mark schemes.

You need to **complete these, and check your own answers**. Bring in questions you are struggling with and bespoke additional questions/ revision resources will be provided on these topics.
