Transition work: A level Law

Name:

### Introduction

The aim of this booklet is to ease you into A level law, the course we follow at Wigston College is AQA A level Law. There is a link to the specification at the bottom of this page. There is included in this booklet some recommended reading and viewing to give you a basic understanding as well as a link to the revision guide which will be essential to the course.

Law at A level is an exciting and interesting course which covers the English Legal System, Criminal Law, Human Rights and the Law of Tort (Negligence). The course will give you an understanding of the law; how laws are made and enforced through the Courts as well as peoples' civil and criminal rights and responsibilities.

Have a go at the activities in this booklet and feel free to use the internet to assist you and in particular the link in the useful websites page to support you with these activities.

Once you have completed the transition activities, look up the real life cases listed on page 15 and make notes.

Please bring your answers to the activities as well as your research on your chosen case to your first law lesson in September.

See you there!

Welcome to law!
