

Animation

While staying safe at home Mr Robinson has been watching some of his favourite cartoons and animations.

Some are his favourites include Toy Story, Shrek, The Simpsons, Spongebob and the Lion King.

Can you match the type of animation to the example

Computer
animation

Stop
Motion
animation

Hand
Drawn
animation

Animation Storyboard

When planning a story, animators will usually draw out a storyboard to plan their story before using a computer to make it.

Example

Can you write some words that you think this animation is about:

--

Now can you try and create your own animation storyboard. You could tell me something you have done recently or a funny story like aliens coming to Oaklands School and joining your class.
