Statement of intent

Every child has the right to the best possible education. Micklands aims to ensure that all pupils reach their full potential and gain the skills and knowledge necessary to lead successful lives.

This policy provides procedures aimed towards ensuring high-quality teaching and learning throughout the school.

1. Legal framework

This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

- Equality Act 2010
- DfE (2015) 'Special educational needs and disability code of practice: 0 to 25 years'

This policy operates in conjunction with the following school policies:

- Special Educational Needs and Disabilities (SEND) Policy
- Marking and Feedback Document
- Behaviour Policy
- Curriculum Policy
- EYFS Policy

2. Roles and responsibilities

The governing board will be responsible for:

- Ensuring an effective approach to teaching and learning is implemented across the school.
- Ensuring high expectations are set for all pupils, regardless of their abilities or needs.

The headteacher will be responsible for:

- Overseeing the school's approach to teaching and learning.
- Ensuring the needs of all pupils are met.
- Ensuring teachers are provided with support to deliver high-quality teaching.
- Promoting a culture of high-quality teaching across the school.

Teachers are responsible for:

- Monitoring and evaluating their teaching.
- Seeking opportunities to develop their practice.
- Reviewing and evaluating their planning regularly.
- Setting appropriate and challenging work for pupils.
- Collaborating with colleagues to moderate pupil achievement.
- Involving parents and other professionals in their child's learning.

3. Learning environment

Micklands will create and maintain a learning environment that will support pupils to achieve their full potential. Teachers will be responsible for ensuring their classrooms and other learning areas provide opportunities to maximise and enhance learning.

Teachers will ensure that learning spaces are used flexibly to facilitate different activities. Seating arrangements will be made in order to maximise pupils' learning experiences. Arrangements will be changed to suit different activities and to allow pupils to work independently and in groups.

Classroom displays will be changed regularly and will be geared towards aiding learning, not providing distraction.

4. The curriculum

Micklands follows the National Curriculum.

The school will ensure that the curriculum is broad and balanced. The content will be suitable for the age and ability of the pupils. In addition, the curriculum will be made accessible to all through differentiation and the provision of necessary supportive resources. The school will also ensure that other aspects of learning, such as the development of social skills and mental health, also form a significant part of pupils' education.

5. Planning and preparation

Teachers will be expected to plan effectively and appropriately to ensure all pupils are given the opportunity to reach their full potential.

Teachers will be provided with appropriate preparation, planning and assessment (PPA) time.

In line with expectations set across the whole school, planning will:

- Be clearly linked to the curriculum.
- Be differentiated and/or scaffolded, to clearly show how pupils of all abilities are catered for.
- Have clearly identified learning objectives and success criteria, showing continuity from one lesson to the next.
- Highlight the strategies for learning designed to achieve the learning objectives.
- Clearly state the activities that will be undertaken.
- Explain how pupils will be grouped.
- Show how TAs will be utilised to enhance learning.

Teachers will ensure their lessons are planned so they can be flexible to ensure the needs of all pupils are met.

6. Lesson delivery

Lessons will be balanced, in terms of teacher and pupil-led activities, and cater for different learning styles. A range of lesson types will be used including practical, visual, dramatic, investigative and group work.

Resources used to aid learning will be:

- Accessible to all pupils.
- Appropriate for the activities pupils undertake.
- The right quality for the task.
- Sufficient in range to allow pupils to make appropriate choices.
- Organised and regularly checked.

TAs will be actively involved in the lesson to aid pupils' learning. They will be involved in prior planning and preparation and will possess a good knowledge of the needs of individual pupils. They will support different focus groups at different times (for example, pupils with SEND and academically more able pupils). In some circumstances, TAs will be utilised on a one-to-one basis with a child in need of additional support.

7. Supporting pupils

High expectations will be set for all pupils, regardless of ability, circumstances or needs.

The delivery and content of lessons will be sufficiently differentiated/scaffolded to ensure all pupils can access and achieve within the curriculum. Teachers will take account of all pupils needs when developing their lessons.

Teachers will be aware of any pupils who may require specific support to ensure they can access the curriculum and ensure this support is implemented.

Individual Education Plans (IEPs) are available for pupils who require them. IEPs are reviewed regularly to ensure that they are still effective.

The SENCO will ensure that pupils with SEND receive the appropriate support, in line with EHC plans and the school's Special Educational Needs and Disabilities (SEND) Policy.

8. Marking and assessment

Teachers will mark pupils' work and provide feedback in line with the school's Marking and Feedback document.

Pupils will be assessed both formally and informally throughout the academic year.

Assessment outcomes will be utilised to inform teaching and learning strategies.

9. Working with parents

Micklands will communicate with parents about their child's learning in a variety of ways, including the following:

- Parents' evenings
- Letters/emails home
- Mid-year and Annual reports
- Informal conversations before or after school

10. Behaviour and attitude

All members of the school community will be responsible for developing a supportive learning culture. Staff will make sure that pupils understand that attitude to learning and behaviour are important aspects of maintaining a positive learning culture.

The principles of the school's Behaviour Policy will be implemented at all times.

Pupils will be encouraged to demonstrate their understanding of the seven strands of our Respect Rainbow through their behaviour.

Teachers will recognise and reward positive behaviour, effort and achievements in various ways, including the following:

- Verbal praise during lessons
- Stickers
- Golden time
- Communication with parents/carers
- Sending a letter home praising the pupil
- Inviting the pupil to see the headteacher
- Celebration assemblies
- Behaviour/house points

Disruptive behaviour will be managed by teachers in line with the school's Behaviour Policy.

To ensure that the quality of teaching is of the highest standard, all teachers will:

- Understand what excellent teaching is.
- Creatively plan and deliver lessons.
- Motivate pupils effectively.
- Enjoy and have a passion for teaching.
- Continue to learn and enhance their skills.
- Hold high expectations for all pupils.
- Understand how thinking and questioning develop learning.
- Be consummate professionals.
