

Newbold Church of England Primary School

At Newbold we aim to support each other to live, learn and excel together as a Christian community.

"Therefore encourage one another and build each other up," 1 Thessalonians 5:11

Special Educational Needs

The curriculum is planned through a whole school approach to curriculum planning, considering progression and differentiation; all pupils, irrespective of their circumstances, have the opportunity to acquire the essential knowledge and skills that they need to succeed in life, this ensures that the national curriculum is taught in ways that enable all pupils to have an equal opportunity to succeed.

The work for some children is supported by Individual Education Plans (IEPs) which teachers use as part of their daily planning with reasonable adjustments for pupils' specific and individual needs. Additional support and intervention is provided for identified groups and individuals. Children with Educational Healthcare Plans (EHCP) are supported in accordance of their needs.

Curriculum Enhancement

The curriculum is enhanced by using visits and speakers whenever possible. We aim that each class should have one of these enhanced opportunities each term. Each year there is the opportunity for the children to enjoy some form of theatre experience. There are opportunities for the children to take responsibilities within their class and the whole school. Children have opportunities to be School Councillors, House Captains, Play leaders or Eco Warriors. Children from Years 4, 5 & 6 work alongside younger children both as play leaders and reading buddies.

Out Door Learning

At Newbold Primary School we offer children the opportunity to learn in a range of ways. We have access to a forest area which the children visit weekly to examine nature, habitats and take inspiration from nature to support learning in a variety of subjects. We are also with walking distance of Lount Nature Reserve which the children visit frequently. The children have planted and grown seeds this year which we have then planted in our school gardens.

Focus Days

Some aspects of the curriculum are delivered through focus days. The timetable is suspended and activities are focused on a key theme. Recent focus weeks have included art (moon art displayed at Leicester Cathedral), sport, and international learning.

Extended School Opportunities

The school offers a variety of clubs for children to participate in during and after school. These include Football, Multisport, Basket Ball, Netball, Cricket, Dancing, Board games, ICT, Music, Art, handball, Rugby (tag) Drama, and Cross country.
