A book of Welsh Vocabulary to use at home.
Geirfa Cymraeg I ddefnyddio yn y Cartref

Dear parent/Guardian,

At our schools the use of the Welsh language is something that we try to encourage all our pupils to use. We understand that for the majority of our pupils Welsh is not the main language spoken at home. Therefore we want to encourage all parents and guardians of our pupils to try and use some Welsh at home.

This booklet has lots of phrases and words that you could use at home and, as a result, help your child to better appreciate and use the Welsh language.

Diolch.
