

# Sacred Heart Catholic Primary School

## Intent English

September 2022

## **Mission Statement**

Our school Mission Statement reflects our school's mission to always serve God in all aspects of our daily life.

### **'We Love and Learn with Jesus'**

**"Let it be known to all who enter here that Christ  
is the reason for this school,  
the unseen but ever-present teacher in its classes,  
the model for its children, the inspiration for its staff."**

## **Vision Statement:**

Every person in the school is a unique creation and so the school's aims are a reflection of the considered beliefs of the whole school community: all who learn and work there, parents, governors, parish, diocese and local education authority.

## **Aims:**

### **Faith:**

To be a Christian community, witnesses to Christ, where all can experience and grow in Christian love, through God's word and the gifts of His sacraments through prayer and personal example.

### **Ourselves:**

To develop the self-worth of each individual so that they can recognise their achievements in fulfilling their potential: to develop self-confidence; to learn self-awareness and honesty about emotions and feelings; to learn to be self-giving and trustworthy; to learn to think for themselves and encourage self-discipline; to have a positive attitude.

### **Others:**

To value the worth of every person; to develop politeness, thoughtfulness and consideration for others and to respect the views of others; encourage a positive view of authority; appreciate the benefits of working for and with the whole community.

**Learning:**

To provide every child, within their range of abilities with a secure, loving, relaxed and happy environment, that stimulates a thirst for learning; to encourage effective study habits; to encourage joy in creativity and satisfaction in achievement; to ensure that all children are prepared for transition to secondary school and beyond.

**Environment:**

Increase our appreciation of the school's environment and from there to appreciate and respect the wider world; to encourage a curiosity and awe of God's creation and to foster a concern for its future and its heritage.

**We will deliver the best possible provision for our pupils by ensuring the following:**

- An inclusive curriculum where our children make the best possible progress, whatever their needs or abilities. Pupils are supported to develop confidence in their own abilities and strengths in all areas of their school life
- Motivated and knowledgeable staff who offer unique teaching and learning experiences
- Close liaison and partnership with parents and carers
- Individual teaching, small groups and whole class sessions where the pupils benefit from interaction with peers and develop new approaches to learning
- A programme of enrichment experiences providing opportunities to deepen knowledge supporting academic learning/achievement
- Partnering with other specialist professionals such as Speech and Language Therapists, Play Therapists, Educational Psychologists and Occupational Therapists
- Promoting continual professional development for all staff in the school, to ensure that Sacred Heart provides the best education for their pupils
- An inclusive whole school approach to self-evaluation and school development planning; creating a culture of continuous improvement and forward thinking

## Intent

By the time children leave Sacred Heart Catholic Primary School, they will have mastered a range of skills that will support their future development.

Pupils will:

- **value themselves and each other-** Our pupils have high expectations of themselves where they take pride in all aspects of learning and in everything they produce
- **develop a positive attitude to lifelong learning-** Pupils are challenged and encouraged to take risks and view mistakes as a positive part of the learning process.
- **acquire knowledge, skills and practical abilities –** We create confident learners, who are enthusiastic, articulate. We provide a balanced and broad curriculum, which encompasses writing practice and equips children with the skills and knowledge of writing processes including handwriting, spelling, grammar, widening vocabulary and writing for different styles. We are inclusive of all children, including SEND by providing the appropriate scaffolding, support and writing tools those children need in their writing process to experience success.
- **confidently convey ideas and information through the use of written and spoken language**
- **appreciate and respect the wider world and their role in caring for it and for others --** Our pupils will understand how to keep themselves safe and be respectful in their communities by carefully selecting genres of books that expose children to the lifestyles, challenges and cultures of different communities.
