

## Discovery Class – Summer Term 2

This half term, our theme is **summer and holidays**. We will be learning all about the summer and linking this to weather, clothes and the beach and sea. We will be using interactive sessions, literacy stories, topic ideas to help the children to understand the changes in the environments they might see. All children will have a range of opportunities for learning through play, group interaction sessions along with focused group or 1:1 work.

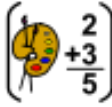

This half term in the Discovery class, we will continue to focus upon Children's EHCP Outcomes and their small step targets.

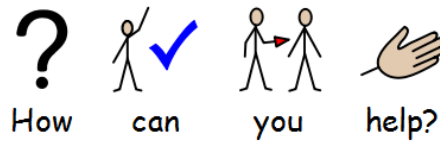

Inclusion will continue for the children it is appropriate for. We aim to ensure that children, who are able to, are accessing the mainstream environment as much as possible. Inclusion is planned on an individual basis dependent upon children's needs. Some of the sessions which are accessed by some of our children are as follows:

- Daily phonics
- Continuous Provision times in Reception classes
- Daily maths input
- Weekly PE sessions
- Daily lunch and playtimes in the main school hall and playground.

Whilst inclusion is happening, we are very busy in our Discovery Classroom. Here are some of the things we will be learning in each of our lessons.

 <p>Signing In</p>	<p>Each morning we complete our signing in work. We are learning to:</p> <ul style="list-style-type: none"> <li>• Recognise our name</li> <li>• Mark make over our name</li> <li>• Write our first and last name from memory</li> <li>• Say short sentences about the day of the week and the weather</li> </ul>
 <p>Story / Literacy</p>	<p>This term, we will be exploring lots of sensory stories about changes and using attention autism techniques to engage the children.</p> <p>We will be looking at stories about summer, the beach, the sea and more.</p> <p>During these sessions, children will be working on developing their listening, attention and anticipation skills.</p> <p>Some children will complete some follow up work, which may include</p> <ul style="list-style-type: none"> <li>• Developing their visual discrimination skills – matching symbols to pictures</li> <li>• Developing their vocabulary</li> <li>• Developing shared attention</li> <li>• Developing their fine motor and mark making skills</li> <li>• Beginning to write words or short sentences</li> </ul>
 <p>PE</p>	<p>In PE this term, we will continue to develop some key skills through a range of physical skills using apparatus. Children will be developing their skills in:</p> <ul style="list-style-type: none"> <li>• Starting and stopping</li> <li>• Moving around safely</li> <li>• Hand / eye co-ordination</li> <li>• Throwing and catching skills</li> </ul>

 <p>Attention Autism</p>	<p>Each week, we complete three sessions of Attention Autism and use this same technique within our story sessions. During these sessions children are working on developing the following skills:</p> <ul style="list-style-type: none"> <li>• Attention skills</li> <li>• Attending for increased periods and maintaining attention.</li> <li>• Broadening interests and motivators</li> <li>• Developing communication</li> <li>• Developing the ability to comment</li> </ul>
 <p>Maths</p>	<p>During this half term, children will be working on their individual targets, which have been taken from their assessments last half term. This half term, we are going to be continuing to support children to develop their understanding of whole and parts of an amount.</p> <p><b>All Children will be</b></p> <ul style="list-style-type: none"> <li>• Rote counting to 1 - 10</li> <li>• Counting on from given numbers</li> <li>• Count objects accurately and use the language whole</li> <li>• Using puzzles to show parts to make a whole</li> </ul> <p><b>Some children will be</b></p> <ul style="list-style-type: none"> <li>• Using objects to create a whole amount</li> <li>• Split a whole amount into two parts</li> <li>• Use the vocabulary whole and part.</li> </ul> <p><b>A few children will be</b></p> <ul style="list-style-type: none"> <li>• Developing their understanding of number bonds</li> <li>• Use a whole part model to show a number bond and use the vocabulary.</li> <li>• To understand that two parts added together create an 'altogether' amount.</li> </ul> <p>Our teaching of Maths is individualised and is taught on a 1:1 basis or within a small ability group.</p>
 <p>Topic</p>	<p>Our Topic session this half term is based around the topic of Summer. Children will have the opportunity to experience a number of activities in relation to summer . Throughout each theme, children will be encouraged to explore the theme through Expressive Arts and Design and through our Knowledge and Understanding sessions, where we will support children to develop a greater understanding surrounding growing. Some of the activities we will do to help the children to develop their knowledge, understanding and experiences are:</p> <ul style="list-style-type: none"> <li>• Sensory activities involving soil, seeds and flowers</li> <li>• Using malleable materials to role play chicks</li> <li>• Observing plants growing</li> </ul>
 <p>mark making</p>	<p>In these sessions children will be involved in different activities related to their mark making ability.</p> <p>All children will be involved in a big moves intervention twice a week to encourage cross body movements and promote dexterity in their hands and core muscles.</p> <p>A few children will be using fingers, paint brushes, sticks in sand/glitter to make a series of marks which are needed prior to letter writing.</p> <p>Some children will be over writing letters in different handwriting sets beginning with l/i/t/j.</p> <p>These children will then move onto writing from a starting point to form the letters correctly.</p>

- ❖ Please read with you child as much as you can. The reading book your child is provided with is appropriate for their phonic level. It may be nice to read some story books together at home too.  
**PLEASE SEND THIS BOOK INTO SCHOOL EVERYDAY**
- ❖ Please share information with us via Weduc regarding how your child has been at home and if there have been any issues or upset, this helps us to support them in school.
- ❖ Please continue to help us to support your child by encouraging them to be more independent at home – such as putting on and taking off their own shoes and coat and encouraging them to help with tidying away toys / resources when they are finished with them.
- ❖ Please send in snacks for your child to request in our snack time sessions. Having a desired snack for your child to request helps to motivate them to use their communication skills and PECs skills to make a request. These snacks cannot be refrigerated or need to be reheated or contain nuts.
