Top Tips

- *The key to success is practising little and often.
- *Can you practise these KIRFs while walking to school or on a car journey? Maybe choose a few each day.
- *Order of difficulty – ask your child to order these facts from the easiest to the most challenging. Can they explain why some facts are easier to remember? Focus on practising the most challenging facts.
- *What do you already know? – Your child will already know many of these facts from the 2,3,4,5,6,8,9,10, 11 and 12 times tables. Practise these again.
