

Geography Overview

This is our long term plan for the sequencing of the geography curriculum through school. In this plan, we have also identified where deliberate links will be made with the following areas:

Fundamental British Values: democracy, rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs.

Catholic Values: Respect, Generosity, Honesty, Forgiveness, Compassion, Patience

Equality & Diversity

SMSC – Spiritual, Moral, Social and Cultural Development *

** We have identified some specific geography topics where an aspect of SMSC will be focussed upon. However, we recognise that SMSC permeates through all lessons and the everyday life of our school in the way that we support the spiritual, moral, social and cultural development of our pupils.*
