

Design a Musical Instrument

Use the box below to design your own musical instrument. What instrument family will it be in? What kind of music will it be intended for? Don't forget to label it!

Instrument family:

What types of music is it for?

Materials:

How do you create sound using this instrument?

How can you control pitch and volume with this instrument?

Why did you choose those materials to make your instrument?

Having completed your design, what would you want to improve? Why?

How does your instrument suit the style of music you intended it for?
