Dear Diary

What a weird day. The first I found myself on T.V and the next thing I knew I was back in time to dinosaurs! I saw some police they were looking a dinosaur. I was in stone age times. I was surprised! Then I saw a little girl. I ran and ran to the girl. I stopped. Surely! she smiled me.

Soon, I found myself being dragged along some grass. Then she told me her name, her name was Om. So on and on we went to a big dark cave! Om hit a rock and we went into the cave! Om took me through some paintings. I loved them all. I then was falling. I woke up. I was driving a new John Deere combine with om. I drove it up and down the field. Om looked curiously around the combine. Then the combine was falling. The combine soon landed in another big corn field, but there were stone age people the other side. They were very angry and there were no bags as far as I could see. But anyway, they were filled with fresh corn. They were waiting for the combine to come and Om finished the head. But the combine was falling. When I drove out I was home. Om was gone. My family didn't believe but I loved the day of stone age.
