Drawing skills

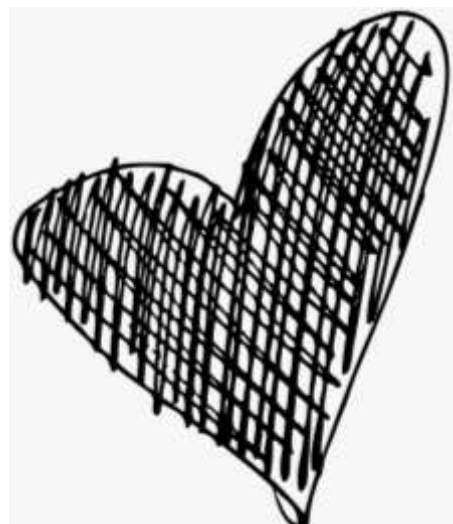

Miss L. Hayes

# Drawing skills

There are a lot of different ways of using a pencil to draw and create texture.

## SCRIBBLE DRAWINGS!!

Look at the emoji & heart below and have a go at drawing them in the box - You are only allowed to scribble and be untidy!!

Using these emoji's  
as a starting point -  
Can you create and  
develop your own  
using scribbles - Add  
texture using your  
drawing skills  
already

# Crazy Emoji

Using coloured pencils add texture in scribble form to the emoji face! You can add extras to it if you wish such as teeth, a crown, a hat etc. Look at the front cover for inspiration and see how the colours have been layered.

# Art Challenge

Take your pencil for a walk across the page and scribble away to create shapes and bubbles - when complete use a range of bright colours to colour in each section, like the image.
