End of term is here!

As we reach the end of term, we would like to reflect and celebrate many of the students, staff and events within Sixth Form.

The Autumn term has been a busy one, Y12 students have settled in amazingly to the sixth form environment adjusting to Level 3 studies brilliantly, taking part in this year's Learn2Live programme and have started to explore work experience opportunities.

Y13 have been focusing on their next steps by completing their UCAS applications and planning for the future; Apprenticeship and Employment applications will also be on the horizon soon for Y13's who are not applying to university.
