

# Kennicott Results

Students at Kennicott achieve incredible results across the academic subject range. Our outcomes put us in the top bracket of 16-19 colleges in the South West, out-performing many local providers including a number of selective schools.

**In 2024 and 2023 almost half of our students achieved A\* to B and with three quarters of all students achieving A\* to C. We are very proud of this attainment and every student story that sits behind it. In 2022 73% of students achieved A\* to B with 100% of our students passing their exams. 39% achieved an incredible A\*/A.**

Our 2024 cohort go onto great things this year: **Harry Matthews** is looking forward to life at Warwick University studying physics having gained A\* grades in Maths, Chemistry, Further Maths and Physics. **Willow Biggins** is also delighted to be heading to the University Of Warwick to study history following straight A grades in English Literature, History, Maths and the EPQ. Meanwhile, colleagues were thrilled with the effort of **Olha Mykhailova** to pass her Extended Diploma in Art and Design (equivalent to three A-levels) having only arrived with the College halfway through Year 12, after fleeing the war in Ukraine.

Kennicott Sixth Form Centre continues to be a very special place to learn. Staff pride themselves on going the extra mile to provide the support young people need to make the most of their talents and abilities and to fulfil their aspirations. Each student at Kennicott is part of a caring environment where they are known and supported as individuals.

Ofsted rated the 16 to 19 study programmes at Kennicott Good when they were last with us.
