

Success stories

Mollie Duffy age 20

Current employer	AECOM
Job title	Apprentice Civil Engineer
Current course studying	BEng in Civil Engineering
Grades achieved at South Devon UTC	BTEC Level 3 in Engineering D*D*D* A Level Maths, A grade A Level Physics, A grade
Current Salary	£23,000

Mollie joined the college in September 2017 and immediately showed her potential to thrive and achieve. Following exceptional GCSE results, Mollie chose a pathway in Engineering and completed the 2 year BTEC Level 3 course with the highest possible grades. She also achieved A grades on both Maths and Physics A-Level, an extraordinary feat. Mollie started on her Degree Level apprenticeship and is progressing extremely well, where she plans on ultimately following this up with a chartership in Civil Engineering.

When asked which BTEC Unit you use most of all in your current role:

For my day-to-day responsibilities at work I would say the BTEC Unit I use most would be the CAD unit due to having to create CAD drawings and models daily. However, the further mathematics and my maths A level have been beneficial towards my university studies and a good foundation for the complex calculations required in my university modules.
