

Relationship and Sex Education Curriculum

This document details the curriculum included in our school's RE & RSE *Growing Up Safe: Whole School Approach* (GUS) programme, delivered in association with relationship and sex specialist BigTalk Education.

It is a spiral curriculum therefore pupils will see the same topics throughout their school career, with each encounter increasing in complexity and reinforcing previous learning. Consequently, the topics included for Nursery and KS1 are included right the way up until year 6. The table on pages 2 and 3 of this document, show the curriculum as it relates to the topic areas included within the Department for Education's RSE Guidance 2018, by the school years in which it is introduced. These topics repeat each year.

Table 2 starting on page 4 shows the details on the GUS programme lesson length and any reinforcement done by school staff. Please note that the statutory RSE guidance states that children must know each of the elements of the curriculum by the time they leave primary school at the end of year 6, for this reason we repeat the GUS programme each year, building on the children's knowledge from previous years. Therefore, some topics areas will only be reinforced once annually, by the highly trained facilitators from BigTalk Education (for example reproduction) who have specialist knowledge in how to answer children's questions about reproduction, puberty etc. in an age appropriate manner.
