

Fireworks night

Soon, it will be fireworks night.

This is a celebration that takes place each year, to celebrate the capture of Guy Fawkes.

**On fireworks night, people gather together on big fields,
or have a small celebration in a garden.**

Sometimes, people light a bonfire. I must make sure that
I do not go near the bonfire.

Fireworks will be set off. These are often very noisy and they make many different colours and patterns in the sky and lots of people think this is fun to watch.

Fireworks make many noises such as a loud bang, a whistle, a crackle or a boom.

If it is too loud for me, I can cover my ears with my hands or wear noise cancelling headphones. That way, it isn't so loud but I will still be able to see the colours and patterns.

I know that fireworks night is coming up very soon and
now I know what to expect.
