

Impact statement

Provide enriching experiences

Whole school PSHE Days provide both the children and their families with many enriching experiences such as:

- Spending time with family members in school, sharing activities and strengthening relationships
- Meditation, relaxation techniques and yoga
- Age appropriate Jigsaw lessons

Jigsaw

The impact of learning PSHE using the Jigsaw scheme can be established through assessment identified in the key learning. This takes form as “My Jigsaw Journal” where children are encouraged to self assess at the end of every Jigsaw lesson. This is an effective way teachers can assess immediately during the lesson.

Promote ambitious mind-sets

By promoting the children’s self-esteem and resilience through the curriculum, they are well prepared to aim for and ultimately reach their goals.

Develop responsible citizens

PSHE enables children to become healthy, secure, independent and responsible members of society. At Kings Road pupils are encouraged to play a happy and positive role in contributing to the life of the school and the wider community. In doing so this helps to develop their sense of self worth, enabling children to value their own achievements. They are taught how society is organised and governed and they experience the process of democracy in school through the school council. The pupils learn about their rights and responsibilities.

The school promotes British values through PSHE. Children are taught about:

- The rule of law

- Democracy
- Mutual respect and tolerance
- Individual liberty

Provide a nurturing and safe environment

PSHE lessons create a calm, flexible environment where children are given opportunities to discuss and explore a wide variety of situations as and when needed.

Develop creative thinkers

The problem-solving focus of the PSHE curriculum requires the children to think creatively about how they can tackle a wide variety of issues they may face.
