

# Success stories

Jemima May age 21

Current employer	Wales and West (Gas network)
Job title	Electrical and Instrumental Technician
Current course studying	Applying for HNC in Electrical and Electronic Engineering
Grades achieved at South Devon UTC	BTEC Level 3 in Engineering D*D*
Current Salary	£39,700 (plus standby pay of £300 bi-monthly)

Jemima joined the college in 2015 and continued her studies through until July 2019. She studies the BTEC Level 3 Diploma in Engineering, the equivalent of 2 A-Levels alongside an A-Level in Physics. Jemima embraced all of the opportunities the college had to offer and is vocal about how key the UTC was in her securing her place on the Degree Level Apprenticeship with Wales and West.

When asked which BTEC Unit you use most of all in your current role:

Electronics/Systems, CAD/CAM, Calculus and Quality Control and Assurance. I also use my A-level physics within my day to day role. CAD/CAM has been a huge benefit as we use it for all our electrical drawings and designs. Maths is used heavily with working out cable calculations for install work
