Mike has a degree in Electrical and Mechanical engineering but spent most of his working life as a Civil Servant specialising in Economic Development.

Outside work, sailing has been his passion. He has dedicated the last 20 years to exploring the waterways of Europe and accompanying his wife on long distance bike rides.

As the longest serving Governor of Christow he has been involved in and has experienced tremendous changes. The school was in the doldrums, at the beginning of the decade, but since taking the big step to join the Templar Academy (and subsequently becoming a partner in ESW) it has developed into a very successful place of learning and social development. Mike has been fascinated to see the benefits of exchanging best practice with the schools in the ESW group. He said "Being a small fish in a big pool can be challenging at times but our partners have been very supportive".

The structure and responsibilities of the governing body and committees

Committee Structure

The full Governing Body meets six times per year
