

Year R Term 6 Curriculum Overview

Learning Together to
Enjoy and Achieve

Key Vocabulary

life cycle
grow
change
metamorphosis

Dear Parents and Carers,
Please have a look over our Year R curriculum for the coming term. Our topic will be 'I wonder how things change?'

Personal, Social and Emotional Development: This term we will be learning about how we grow and change. This will include looking at how we have grown since starting school and then looking at the transition into our Year One classes. We will also be finding out how we can regulate our emotions and ways in which we can be proud of ourselves.

Communication and Language: We will be continuing to work on our speaking and listening skills. We will be talking about what we have achieved this year and what we are looking forward to in Year One. As part of our 'Change' learning, we will be using new vocabulary associated with the life cycles of frogs and caterpillars.

Literacy: We will be reading the books: 'The Very Hungry Caterpillar', 'Tadpole's Promise', 'Oi Frog' and 'Goodbye for Now'. In writing, we will be labelling life cycles and butterflies, recording frog and butterfly facts and keeping food diaries. We will be focussing on sentence writing, using digraphs in words and the common exception words we have been learning.

Mathematics: In Maths we will be learning about directions and mapping. Finally, we will be recapping grouping and sharing, odds and evens, patterning, one more, one less and doubling.

Physical Development: We will be using small and large equipment to develop our gross motor skills. In PE, we will be practising our team activities ready for Sports Day.

Expressive Arts and Design:

This term we will be creating butterflies and frogs using mixed media. We will be learning a life cycle song and participating in lots of activities that will involve imaginative play, painting, drawing and creating models. We will also be learning the skill of collage through exploring the art of Lily Greenwood.

Understanding the World:

We will be learning about the life cycles of frogs and caterpillars. This will include looking after some real caterpillars and watching how they change. We will also be exploring facts about these animals and their habitats. Finally, we will be recapping our work on maps.

Dates to note:

Friday 12th June: EYFS Parent Share at 2pm.

Thurs 18th June: Open Evening and Cultural Evening

Wed 24th June: Sports Day

Fri 3rd July: Summer Fair

Fri 17th July: Last Day of term (2.30pm finish)
