

FOXES & LIONS

Welcome to Year 6!

Welcome back! We are extremely excited to welcome everyone back after a long autumn term and a Christmas break that was very much deserved.

This half term, albeit short, we will be packing in as much as we can; finishing off projects and starting new ones!

Please remember that our focus for homework will be reading and TT Rock stars (all children have a login) and keeping up with maths consolidation.

Our PE days are Monday and Wednesdays

English

This half term we will be immersing ourselves in Shakespeare's classic *Romeo and Juliet*. Here we will use the power of drama to understand how characters felt and re-enact some of the poignant scenes before writing a newspaper report and our take with a modern twist! In reading, we will be looking at poetry, song lyrics and short stories to improve our comprehension skills.

PE

This half term, we will be working on our hockey skills and improving our fitness as well as team building.

PSHE

In PSHE we will be looking at how skills we have could help us in future employment. We will also be looking at the types of jobs we might be interested in and what we would need to work towards them.

Science

We will be concentrating on learning all about electricity and using previous knowledge to construct and draw circuits accurately.

DT

We will be finishing our fairground project by combining our knowledge of cams and pulleys with electronics! Watch this space!

Maths

This half term we will be consolidating knowledge of all things fractions before moving on to shape and properties including area and perimeter. We may even throw some conversions and algebra in there!

Computing

We will explore how data is transferred over the internet learn how to communicate responsibly by considering what should and should not be shared on the internet

SPRING 1

Geography

In geography we will continue to explore rivers; looking into flooding and at how Bedrich Smetana used music to describe the course of his beloved national river, which we will have a go at ourselves.

French

In French, we will move on to learning all about planets they will learn a key set of adjectives and use this to describe the solar system. They will also work on longer more detailed sentences.

Art

We're very excited this half term to be concentrating on creating art about who we are and our identities. We will be looking at various artists who use their heritage to create meaningful art to them.

RE

Our topic is Judaism and we will be starting this topic with research about how Jewish people show their faith and how this affects their daily lives before delving into aspects of special items and celebrations.
