

PENGUINS

Welcome to school!

Welcome to the Foundation Stage!

The Reception year is a busy and exciting time and each half term we will share with you a snippet of the learning that will be happening.

Our first theme is:

What is it like to be me?

AUTUMN 1

Literacy

We will explore the stories 'The Gingerbread Man' and 'the Colour Monster Goes To School'. We will talk about the stories and practise sequencing events. We will also read and sing lots of familiar rhymes.

Maths

We will spend our first half term in school sorting, matching and organising everyday items and objects. We will practise counting objects, pictures and counting aloud together.

Settling in...

Lots of this half term will be spent exploring the classroom and its different areas, learning routines and practising sitting, listening and contributing well on the carpet and in group work.

Understanding the World

We will talk about ourselves and our bodies and see how many body parts we can name!

Expressive Arts

We will provide opportunities for the children to draw and make self portraits while also exploring materials and develop their creativity.

PE

We will practice getting ourselves dressed for PE and finding our way to the hall. We will practise moving our bodies in different ways like jumping, balancing and skipping.
