I have been a governor at Calverton Primary School since 2017 as Chair of the Curriculum Standards and Well-being Committee. I have worked in many roles in the education sector and in 2015 founded Safeguard, a record management system used throughout the UK and internationally. During this time I have worked closely with schools and the authority in Newham.

My background and career is in business and education IT management, strategy and policy with around 17 years experience in the sector. More recently in the last 7 years I have specialised in the area of Safeguarding and Child Protection.

I am looking forward to continuing my role as a co-opted governor for the CPD Federation.
