<b>Position with Governing Body:</b>	Parent Governor
<b>Link Governor Responsibilities:</b>	Safeguarding

I am a mother of two young children. So, I like to ensure that children are well protected, that they are able to develop fully regardless of their background, special educational needs or disabilities because children of today are the future of tomorrow. This also aligns with my profession as a social worker.

I work for the local authority as a registered social worker since 2018. I support adults and their family. I have to comply with the roles and responsibilities within the Safeguarding/Risk Management framework and deliver this to a high level of competence. Therefore, I believe I could transfer my skills to the Governing Board of CPD Schools Federation.
